

RESOLUTION OF THE
INTERGOVERNMENTAL RELATIONS COMMITTEE
OF THE NAVAJO NATION COUNCIL

21ST NAVAJO NATION COUNCIL - THIRD YEAR, 2009

AN ACTION

RELATING TO HUMAN SERVICES AND INTERGOVERNMENTAL RELATIONS;
APPROVING AN ADDENDUM TO RESOLUTION IGRJA-002-09 BY
APPROVING THE SUBMISSION OF STIMULUS FUNDING PROPOSALS FOR
DEPARTMENT OF NAVAJO VETERANS AFFAIRS PROJECTS UNDER THE
AMERICAN RECOVERY AND REINVESTMENT ACT OF 2009

BE IT ENACTED:

1. The Navajo Nation hereby approves an addendum to Resolution IGRJA-002-09 by approving the submission of stimulus funding proposals for Department of Navajo Veterans Affairs projects under the American Recovery and Reinvestment Act of 2009, as set forth in the documents attached hereto as Exhibit A.
2. The Navajo Nation hereby authorizes the President of the Navajo Nation, the Speaker of the Navajo Nation Council, and their respective designees to advocate for funding under the American Recovery and Reinvestment Act of 2009 for the Department of Navajo Veterans Affairs projects set forth in the attached Exhibit A.

CERTIFICATION

I hereby certify that the foregoing resolution was duly considered by the Intergovernmental Relations Committee of the Navajo Nation Council at a duly called meeting held at Window Rock, Navajo Nation (Arizona), at which a quorum was present and that the same was passed by a vote of 10 in favor, 0 opposed, this 6th day of July, 2009.

Sampson Begay, Pro Tem Chairperson
Intergovernmental Relations Committee

SUBJECT : **DNVA Proposed Projects for American Recovery and Reinvestment Act of 2009 (ARRA).**

The following DNVA projects will be submitted for funding considerations under the American Recovery and Reinvestment Act of 2009. The proposals will be submitted to the various agencies such as to the State(s), Federal VA, NHA and other agencies. They will either be considered under the Block Grant and/or Competitive funding. At this time, there are no guideline for projects/proposals and it is the understanding that some of these will be published in the Federal Register. In summary, these projects include:

1. Eastern Navajo Agency

- a. Housing Construction of 36 housing units based on Total Development Cost (TDC) of \$ 250,000.00 per housing unit at \$ 9,000,000.00.
- b. Purchase of office furniture for new office building for estimated cost of \$50,000.00.
- c. Construction of parking lot around the office complex for estimated cost of \$85,000.00
- d. Home Down Payment Assistance for 36 Veteran families at 2% of Family Medium Income of \$ 45, 000.00 which equals to \$ 32,400.00.
- e. Veterans Benefits Counselor, Training and other associated costs at \$66,176.50.
- f. Information Technology and other associated costs at \$ 120,000.00.

Total Cost: \$9,353,576.00

2. Chinle Navajo Agency

- a. Building design and construction for 4,032 sq. ft. at estimated cost of \$1,128,960.00.
- b. Parking lot for 30 parking spaces around office complex at estimated cost of \$137,665.000.

- c. Multipurpose building (3,472sq. ft.) at estimated cost of \$2,238,785.00.
- d. In-direct cost @ 21.6% amounts to \$356,570.00
- e. Construction of (9) new houses for material cost at \$297,000.00.
- f. Repair and Renovate (7) existing homes with material cost at \$70,000.00.
- g. Construct (6) handicapped ramps with material cost at \$18,000.00.
- h. Construct and renovate (22) housing units with labor cost at \$ 552,843.60.
- i. Information Technology and other associated costs at \$ 120,000.00.
- j. Down payment Assistance for 12 homes at \$900.00 each at \$ 10,800.00.

Total Cost: \$4,930,623.60

3. Western Navajo Agency

- a. Construction of (21) new three (3) bedroom houses for cost of materials at \$3,346,875.00.
- b. Construction labor cost for (21) new housing units and (4) handicapped ramps at \$ 552,843.80.
- c. Construct (4) handicap ramp with materials cost at \$39,284.00.
- d. Equipment purchase (generators, cement mixers, spray gun, air compressor) at \$45,691.00
- e. Veterans Office Building construction: \$2,900,000.00.
- f. Veterans Benefits Counselor, Training and other associated costs at \$ 66,176.50.
- g. Information Technology and other associated costs at \$ 120,000.00.
- h. Down payment assistance for 12 veteran homes at \$ 900.00 each at \$ 10,800.00.

Total Cost: \$7,081,670.30

4. Northern Navajo Agency

- a. Infrastructure Upgrade around office building. Materials and labor cost at \$316,000.00
- b. Information Technology upgrade and other associated cost at \$120,000.00.
- c. Construct 38 new housing units at \$ 250,000 per unit is \$ 9,500,000.00.
- d. Renovate 21 existing housing units at \$ 1,050,000.00.
- e. Veterans Benefits Counselor, Training and other associated costs at \$ 66,176.50.
- f. Down payment assistance for 12 veteran homes at \$900.00 each at \$ 10,800.00.

Total Cost: \$11,062,976.00

5. Fort Defiance Agency

- a. Housing materials to construct 30 new houses at estimated cost of \$1,100,000.00.
- b. Housing materials to renovate and install handicapped ramp on 25 existing homes at estimated cost of \$50,000.00.
- c. Construction labor cost to construct 30 new houses and renovate 30 existing homes at cost of \$458,183.00.
- d. Construction equipment and maintenance cost at \$235,000.00.
- e. Veterans Benefits Counselor, Training and other associated costs at \$ 66,176.50.
- f. Information Technology upgrade and other associated costs at \$ 120,000.00.
- g. Down payment assistance for 13 veteran homes at \$ 900.00 each at \$ 11, 700.00.

Total Cost: \$2,041,059.50.

6. Chinle Veterans Cemetery

Site planning, cemetery design, soil testing and development of construction drawing for construction of a Veterans Cemetery near Chinle, Arizona. The cost for project is estimated at \$550,000.00.

7. Planning and construction of Veterans Administration building complex in Window Rock, Arizona at \$ 5,500,000.00.
8. Information Technology for Central Administration office at \$ 150,000.00.

Total Cost: \$6,200,000.00

Overall Estimated Project Cost: \$40,669,904.00

DNVA will submit most of housing projects under the Competitive funding as going under the Block grant funding will mean complying with the NAHASDA Rules and Regulations. If NAHASDA regulations are applied, many of the housing projects will not qualify as they lacked Environmental Assessment (EA), Flood Plains Study and other clearances. DNVA is looking into other sources or agencies such as BIA Housing Improvement Program (HIP), Weatherization Assistance Program. Housing construction will surely create jobs in the rural areas of the Navajo Nation where jobs will be closer to home for many skilled construction workers. Beginning, tomorrow, DNVA will make it a priority to contact the various resources to obtain more information and develop proposals as required by the funding agencies. Should you have any questions, please call me at extension 7286.

II. PROPOSALS

AMERICAN RECOVERY & REINVESTMENT ACT OF 2009
PROJECT
DEPARTMENT OF NAVAJO VETERANS AFFAIRS

1. **APPLICANT**

Department of Navajo Veterans Affairs

P.O. Box 430

Window Rock, Arizona 86515

Contact: Leo Chischilly

Phone: (928)871-7286

Fax: (928)871-7288

Email: leo.chischilly@dnva.gov

2. **REQUEST AMERICAN RECOVERY AND REINVESTMENT ACT OF 2009 (ARRA) FUNDING:**

Pursuant to Section 1607 of the American Recovery and Reinvestment Act of 2009 (ACT), the Department of Navajo Veterans Affairs (DNVA) request an allocation of \$264,706.00 to hire trained certified veterans benefits counselors to be located in four Navajo agencies (Eastern, Fort Defiance, Western and Northern). The benefit counselors will assist veterans filed their disability claims for compensation or pension. The counselors will advocate on behalf veterans during the adjudication process and will assist veterans file appropriate VA forms to locate and obtain copies of military medical and personal records. The veterans benefits counselors will assist with other benefit and services such as education, vocational training, health care service, counseling, and death benefits.

3. **BACKGROUND:**

The Navajo Nation lacks certified Veterans Benefits Counselors to assist veterans filed their service-connected disability and non-service connected disability claims. The Department of Navajo Veterans Affairs has recorded over eight-thousand (8,000+) veterans living within the Navajo Nation jurisdiction. It is projected that only about 3% of the Navajo veterans have applied and are receiving their service-connected disability compensation or pension. And maybe 1% of the surviving spouses are receiving the dependency and indemnity compensation, death pension or death compensation. With the current war on terrorism more young Navajo warriors will be returning home, they will need someone knowledgeable in veterans' benefits to assist them secure their earned VA benefits.

4. **PROBLEM/NEED:**

The lack of certified benefits counselors and lack of education on VA benefits and services on the Navajo Nation has caused many (thousands) honorably Navajo veterans to lose their VA benefits and services. Ever since young Navajos begin volunteering and serving in active military services and then were honorably discharged, there has been no federal program located on the Navajo Nation to educate or disseminate information to honorably discharged veterans what they are entitled to regarding their VA benefits and services and who to help them file their claims or seek health care at VAMC or CBOC. Today, with the support of Arizona Department of Veterans Services, there is one full-

time certified benefit counselor station in Chinle, Apache County, Arizona. The Navajo Nation needs at least four more certified benefits counselors to be stationed at Tuba City, Fort Defiance, Shiprock and Crownpoint to assist all veterans file their disability claims and to disseminate veteran's benefits information to all 110 Navajo veterans' organizations.

5. PROJECT DESCRIPTION:

The requested ARRA funds will jump start hiring four (4) certified VA benefits counselors for the four Navajo agencies. The benefits counselors will be trained by the State Veterans Services or Commission. The counselors will perform duties and responsibilities which are to administer, supervise, or perform quasi-legal work involved in developing, examining, adjusting, reconsidering, or authorizing the settlement of claims filed by veterans, their dependents or beneficiaries in regards to disability compensation, pension, death benefit, health care service and other VA administered benefits.

6. BUDGET:

a). Veterans Benefits Counselors		(4)
Salary:	\$35,000 x 4	\$140,000.00
Fringe benefit:	33.19%	46,466.00
Lease SUV	\$450.00/mo. x 12 mos. x 4	21,600.00
Mileage	.34/mile x 2,000/mo. x 12 mos. x 4	32,640.00
		\$240,706.00
b). Training for four (4) Veterans Benefits Counselors		\$ 24,000.00
\$6,000.00 x 4 Counselors for certification		
TOTAL:		\$264,706.00

7. RESULTS:

Rural veterans will finally be able to utilize a certified VA benefit counselor to assist them filed their service-connected and non service-connected disability claims for injures or disability sustained during and after their active military services. The federal VA will finally have a presents on the Navajo Nation to begin to fulfill its obligations to care for veterans who have fought the battles, for his widow, and his orphan.

AMERICAN RECOVERY & REINVESTMENT ACT OF 2009
PROJECT & PROGRAM FOR
DEPARTMENT OF NAVAJO VETERANS AFFAIRS

I. APPLICANT

Department of Navajo Veterans Affairs

P.O. Box 430

Window Rock, Arizona 86515

Contact: Leo Chischilly

Email: leo@chischilly.az.gov Phone: (928)871-7286 Fax: (928)871-7288

II. REQUEST AMERICAN RECOVERY & REINVESTMENT ACT OF 2009 (ARRA) FUNDING:

Pursuant to Section 1607 of the American Recovery and Reinvestment Act of 2009 (the Act), the Department of Navajo Veterans Affairs (DNVA) request an appropriation of \$45,000.00 to be utilize as down payment assistance for Navajo veterans that qualified for NAHASDA funding for new housing development. The required 2% down payment is mandated by Navajo Housing Authority (NHA), the Tribal Designated Housing Entity (TDHE) for the Navajo Nation, before eligible Navajo veteran can move into their homeownership unit. The funding request will accommodate forty (50) Navajo veterans that qualified for homeownership project located within the four Navajo Agency and some in metropolitan urban areas. The four Navajo agencies are within the Central, Western, Northern and Fort Defiance areas. Western and Fort Defiance agency will both select and recommend thirteen (13) eligible veteran clients and Central and Northern will both select and submit twelve (12) eligible veteran clients to be assisted with the \$900.00 down payment for their homeownership units. The new homes will consist of three or four bedroom units. For the residential units to be constructed on the Navajo Nation, the design and construction will be administered by the Navajo Housing Authority. For the units in the metropolitan urban areas the down payment will be made to the bank or mortgage company that is financing the unit for the Navajo veteran. The units to be constructed on the Navajo Nation all have the required homesite leases, archeological clearances, environmental assessment surveyed and the utilities/ infrastructure are available within reasonable distances. (Note: *Eastern Navajo Agency DNVA has 36 families listed for down payment assistance in their proposal package*).

III. BACKGROUND

The Navajo Nation continues to experience homelessness for many Navajo veterans due to lack of employment and are in dire need for a safe, sanitary dwelling unit with all of the amenities.

The four Navajo agencies are located on the Navajo Nation in the northeast part of Arizona, northwest corner of New Mexico and the south eastern portion of Utah. The four agencies comprises of 79 Navajo chapters/communities. In each agency DNVA

has sub offices that assist and provide services to Navajo veterans residing in various Navajo chapters.

IV. PROBLEM/NEED:

The Navajo Nation in coordination with the Navajo Housing Authority and Tribal Housing administer housing development using the Navajo Nation general funds, and/or state and federal grants. The guidelines and criteria for these housing units are usually for low-income families leaving out families with median or high income. The intent of this proposed down payment assistance program is to assist Navajo veterans that are willing to secure home loan through bank or mortgage company to construct, buy, or renovate an existing dwelling unit for their primary residency. This proposal should include Navajo veterans living in the metropolitan urban cities who have relocated due to the lack of employment, work training or education on the Navajo Nation, they moved to secure employment or have their children pursue the education opportunity in the urban areas.

V. PROJECT DESCRIPTION:

The scope of work will be in accordance with the guideline and criteria set forth by the American Recovery and Reinvestment Act of 2009 emphasizing the promotion of economic growth and job creation. The project will assist forty Navajo veterans and their families realized the American dream of homeownership.

VI. BUDGET:

Utilizing the 2% down payment of \$900.00 employ by the Navajo Housing Authority for the NAHASDA funded housing development:

Down Payment:

$\$900.00 \times 50 \text{ veteran} =$ \$45,000.00

VII. RESULTS:

The end result will benefit fifty (50) eligible Navajo veteran and their families which will total approximately two hundred fifty (250) family members. The down payment assistance will help eligible Navajo veterans finally realized their American Dream of Homeownership.

DEPARTMENT OF NAVAJO VETERANS AFFAIRS
GRANT APPLICATION FOR
AMERICAN RECOVERY & RE INVESTMENT ACT OF 2009

1. **APPLICANT:**

Department of Navajo Veterans Affairs
P.O. Box 430
Window Rock, Arizona 86515

Contact: Leo Chischilly, Department Manager II

Phone: (928)871-7276

Fax: (928)871-7288

Email: leochischilly@yahoo.com

2. **REQUEST:**

The Department of Navajo Veterans Affairs hereby request an appropriation of \$550,000.00 Grant from the American Recovery and Reinvestment Act of 2009 (ARRA), for planning, architectural and engineering services to design and develop the construction drawings for the proposed first-ever veterans' cemetery on tribal trust land; the design and development to consist of twenty (20) acres for veterans burial plots and an additional five (5) acres for administration facility, storage building, equipments room, parking for family and friends of deceased veteran, and for other related development and improvement. The veterans' cemetery site is located south of Chinle, Apache County, Arizona. The site has been approved and withdrawn by the Chinle Chapter by an approved chapter resolution. As of this date there is no official veterans' cemetery on the Navajo Nation except for the Fort Defiance community/veteran cemetery which was established during World War II, when deceased service members started being ship home from the European and Pacific Theater of war. Information has been disseminated that the Fort Defiance community/veterans cemetery is full to capacity and the 110 Navajo Chapters has been requested to identify and select another veterans' cemetery site. Up to date, Chinle Chapter is the only Navajo chapter that has identified and withdrawn a forty (40) acres site for cemetery purpose.

3. **BACKGROUND INFORMATION:**

Currently, there is no official veteran' cemetery on the Navajo Nation except for the Fort Defiance Community/Veterans Cemetery which was established during World War II, jointly by the Navajo Nation and Bureau of Indian Affairs (BIA) when military service members those killed-in-action (KIA) started to be shipped home from both theaters, the Pacific and Europe for burial services. The cemetery was established to be use for both the veterans and community members. Recent information being disseminated is that the Fort Defiance cemetery is full to capacity and Navajo Nation Chapters are advised to seek their own land withdrawal for cemetery purposes. Chinle DNVA in coordination with Chinle Chapter has identified and withdrew forty (40) acres of trust land for cemetery purpose. Twenty (20) acres is identified specifically for veterans' cemetery. The site location is approximately five miles south of Chinle Chapter house at the base of the ridge outcrop formerly used as a rifle range by the Chinle community members. Site visit and review was done on April 21, 2009 by Mr. Frank Salvias, Director for

National/State Veterans Cemetery Administration from Washington, D.C. Mr. Salvas has made several recommendation such as run-off drainage dike, utilities and infrastructure availability to the site plus all the right-of-way clearances attached to grant proposal.

4. **PROBLEM/NEED:**

The problem has been the exclusion to submit grant application by the Navajo Nation due to existing federal law that excluded Indian Nation to apply for federal grant to establish a veterans' cemetery on trust land due mainly to legislative language in 38 USC, Section 2408, which did not include Indian Nation. Finally in FY'2006, the 109th Congress passed Public Law 109-461 and signed into law by President George W. Bush on December 22, 2006. The Act amended Title 38, United States Code, to repeal certain limitation and Section 403, established eligibility for Indian tribal organization to apply for grants to establish Veterans Cemeteries on trust lands; Section 2408 is amended by adding the subsection, (1) the Secretary may make grants to any tribal organization for Cemetery Grants for establishing, expanding or improving veterans cemeteries on trust land, and (2) grants will be made in the same manner, same conditions as grants made under 38 CFR Part 39. Currently, the Navajo Nation Department of Navajo Veterans Affairs in coordination with the National VA Cemetery Administration is preparing a pre-application proposing to establish the first veterans' cemetery on the Navajo Nation trust land. The first site location identified is in Chinle, Apache County, Arizona and another possible site that still needs to be reviewed and supported is at Fort Wingate, McKinley County, New Mexico. The need to go forward with planning the establishment of a veterans' cemetery is an appropriation (up front funding) in the amount of \$500,000 for site planning, legal survey, soil testing, cemetery design and development of the construction drawings.

5. **PROJECT DESCRIPTION:**

The main scope of work will encompass the architectural and engineering services to include legal survey and description, soil testing, and to develop design drawing and construction drawing to be use to advertise request for proposal and for the actual construction of the Navajo Nation Veterans Cemetery located in Chinle, Apache County, Arizona. The A&E services to include locating the existing utilities and infrastructure. The cemetery design to be in accordance with VA standards and specifications. The design to have inputs by veterans and traditional medicine men, plus the entry feature (gate), divided roadway, assembly area for ceremonial events, and committal shelter for burial services, irrigation sprinkler system, natural drainage or aggregate rocks.

6. **BUDGET:**

\$550,000.00

Architectural and Engineering Services
Site Planning
Legal Survey
Soil Testing
Design drawing
Construction Drawings

7. RESULT:

The completed veterans cemetery will be a memorial to veterans as a lasting memorial worthy of the sacrifices they have given to the Nation and in defense and preservation of the Navajo way of Life, culture, language, tradition, sacred song and prayers.

AMERICAN RECOVERY & REINVESTMENT ACT OF 2009

DEPARTMENT OF NAVAJO VETERANS AFFAIRS
PROJECT

1. APPLICANT:

Department of Navajo Veterans Affairs

P.O. Box 430

Window Rock, Arizona 86515

Contact: Leo Chischilly

Phone: (928)871-7286 Fax: (928)871-7288 Email: lchischilly@dnva.com

2. REQUEST FOR AMERICAN RECOVERY AND REINVESTMENT ACT OF 2009 (ARRA) FUNDING:

Pursuant to Section 1607 of the American Recovery and Reinvestment Act of 2009 (ARRA), the Department of Navajo Veterans Affairs (DNVA) request an allocation of \$750,000.00, for the installation of the much needed Information Technology (IT) system to be part of DNVA's administration and management operation of the department by upgrading its computer system at central and the five agency offices; the upgrading to include, software application, data storage, networking, automated acquisition, storage, manipulation, management, movement, control, display, switching, interchange, transmission, assurance, or reception of information.

3. PROJECT NARRATIVE:

The Department of Navajo Veterans Affairs is in the process of automating most of its office workload into their computer system; automation to include Information Technology design, installation and support services, acquisition of hardware and software, network design and installation, web hosting, phone systems, voice and data cabling and technology related project management.

4. PURPOSE AND OBJECTIVE:

Computer based information management systems will allow DNVA to collect information from many different sources and develop a composite picture about its veterans clients, to network with the federal VA program and obtain client's military records, file VA benefit claims electronically for its veteran clients, network with State Department of Veterans Services and Veterans Commission and various veterans organizations, and net exposure to other entity or agency, to master the capability to electronically input, process, store, output, transmit, and receive data and information concerning veterans clients.

5. BUDGET:

\$750,000.00

The system installation will include computers, automated office equipments, information technology design, installation and support services, including: acquisition of hardware and software, network design and installation, web hosting, phone systems, voice and data cabling and technology related project management.

6. RESULTS:

The result will be that DNVA will complete tasks using Information Technology which will result in rapid processing and information mobility, as well as improved reliability and integrity of processed information. The automation will improve work performance and veterans' data will be electronically stored at all agency offices. DNVA employees will benefit by learning new technique utilizing the IT system.

AMERICAN RECOVERY AND REINVESTMENT ACT OF 2009 (ARRA)
DEPARTMENT OF NAVAJO VETERANS AFFAIRS
PROJECT

1. APPLICANT:

Department of Navajo Veterans Affairs
P.O. Box 430
Window Rock, Arizona 86515

Contact: Leo Chischilly

Phone: (928)871-6413/7286 Fax: (928)871-7288 Email: leo@chischilly.usdoj.com

2. REQUEST:

Pursuant to Section 1607 of the American Recovery and Reinvestment Act of 2009 (ARRA), the Department of Navajo Veterans Affairs (DNVA) does request an allocation of \$5.5 million from the ARRA Grant to plan, design, and construct a 12,000 square foot Dine' Veterans Headquarter Office Building within the Window Rock Administrative withdrawn area, south of the U.S. Post Office. The utility and infrastructure are available within the site location. The Navajo Nation Design and Engineering Services have been directed to design and develop the schematic and construction drawing of the Facility.

3. PROJECT NARRATIVE:

The current DNVA central office facility is a double wide trailer which has dilapidated with aged, weather and natural elements which now requires major repair/renovation. The office trailer has six small office spaces, conference/meeting room for ten people, two bathrooms, open space reception's office and kitchenette. The current office site is less than ¼ acre sandwiched between a residential unit and a storage trailer limiting parking space for staff, oversight committee and veteran visitors. Each year, veteran services and assistance has increased as more veterans and widows request for service or assistance. More veterans are being assisted with filing for VA benefits, such as, C&P claims for their service-connected injuries or disability and for non service-connected claims for pensions, VA healthcare services, Post911 GI Bill Education, VA Home loan, death benefits, headstone marker and casket flags, etc. Also, the Department has submitted grant proposal to the Federal AmeriCorps Program and has been awarded on an annual basis to hire and assign participants to perform community services to earn college scholarship funds, which is awarded upon completion of their required work hours. The Navajo Nation Council through the annual budget process issued a Condition of Appropriation which directed DNVA to devised a plan and design a Navajo Veterans Office Facility to accommodate the proposed establishment of the Division of Dine' Veterans Services to enhance services and transform DNVA into a Division within the Executive Branch of the Navajo Nation government. The proposed Division will have four Departments, Department of Benefits & Services, Department of Housing, Department of Veterans Cemetery & Memorial, and the Veterans Loan and AmeriCorps Program will stay within the Division of Dine' Veterans Services.

2009/11/23

4. PURPOSE AND OBJECTIVE:

The intent and purpose of pursuing funding for the development a Dine' Veterans Headquarter Office Building is to housed the proposed new departments being plan; including Housing, Health, Benefits and Cemetery & Memorial and to enhance the overall veterans services and to access the federal and state veterans service programs on to the Navajo Nation, seek all available resources for veterans housing, coordinate with the Northern Arizona VA Health Care System and New Mexico VA Medical Center in regards to establishing a Community-Based Outpatient Clinic (CBOC) on the Navajo Nation; coordinate with Arizona and New Mexico State Veterans Services to secure funding for VA Benefit Counselors to be trained, hired and stationed at each Navajo agency offices to assist veterans with their VA benefits; and coordinate with the National/State Veterans Cemetery Administration to establish veterans cemetery on the Navajo Nation.

5. BUDGET:

\$5,500,000.00

Plan, Design and Construct a 12,000 square foot Veterans Headquarter Office Building to enhance veteran services with all available VA benefits and services; provide utilities and infrastructure to the office facility.

6. RESULTS:

The new office facility will replaced the aged old double-wide office trailer and relocate to a new site to accommodate the veterans, oversight committee and other federal/state veterans services providers. The new office building will enhance veterans' services and benefits by establishing the Division of Dine' Veterans Services and by incorporating new veteran departments in partnership with the federal and state veterans service programs, Department of Veterans Housing, Department of Veterans' Health, Department of Veterans Benefits & Services and Department of Veterans Cemetery and Memorial.

MEMORANDUM

TO : Leo Chischilly, Depart. Manager II
DNVA/Central Administration

FROM : 
Johnnie Martin, Veteran Service Officer
DNVA/EASTERN NAVAJO AGENCY

DATE : May 18, 2009

SUBJECT : **AMERICAN RECOVERY AND REINVESTMENT ACT OF 2009
(ARRA)**

On May 11, 2009 you made a presentation to the Human Service Committee Members in Window Rock, Arizona on proposed projects requested by the (5) agencies.

After reviewing your report I am in disagreement. Reasons for disagreeing are: We decided that all five agencies would be utilizing the \$250,000.00 TDC used by NHA for a three bedroom unit. The only agencies that follow this decision are Northern and Eastern Agencies. The three other agencies utilized the Self-Help concept. Therefore, I am recommending that the attach proposal in the amount of \$3,404,866.00 be utilized for the Eastern Navajo Agency housing request. This proposal includes: (36) 2 and 3 bedroom units, (50) Housing Renovations. Manpower: (3) Construction Supervisors, (1) Office Specialist, (30) Carpenters, (1) Licensed Plumber, (1) Licensed Electrician and Construction Equipment.

Other request for the Eastern Navajo Agency is agreeable. These are:

- | | |
|---------------------------------|--------------|
| 1. Purchase Office Furniture. | \$ 50,000.00 |
| 2. Construction of Parking Lot. | 85,000.00 |
| 3. Home Down payment. | 32,400.00 |
| 4. Veterans Benefits Counselor | 41,000.00 |
| 5. Information Technology | 120,000.00 |

TOTAL: \$ 3,733,266.00

At the present time DNVA/EASTERN NAVAJO AGENCY is building two and three bedrooms units for veterans. We have experience building homes for veterans through the Self-HELP HOUSING PROGRAM. We have constructed (10) housing units

awarded from the State of New Mexico and (5) Navajo Nation General Fund allocation. A total of (15) houses have been completed. We do have the expertise to construct homes for veterans. We were informed that DNVA'S housing request would most likely be constructed under the NAHASDA HOUSING PROGRAM. If this is the case then the majority of the veterans selected would not qualify by Income Eligibility Site development under the SELF-HELP HOUSING PROGRAM is not as stringent as the NAHASDA HOUSING PROGRAM. Recommendation is to continue requesting funds through (ARRA) not NAHASDA.

Should you have any questions, please ask.

**DEPARTMENT OF VETERANS AFFAIRS
THE NAVAJO NATION
SUBMITTED: May 13, 2009**

1. **Requester:**

Department of Navajo Veterans Affairs
Eastern Navajo Agency
P.O. Box 570
Crownpoint, New Mexico 87313

2. **Request:**

An appropriation of \$3,404,866 is requested through the American Recovery and Reinvestment Act of 2009 ("ARRA") Stimulus to the Department of Veterans Affairs, Eastern Navajo Agency. This is to assist needy Navajo Veterans with home building material within the Eastern Navajo Agency on the New Mexico portion of the Navajo Nation for new and rehabilitation construction. Funds will be used to build new homes for veterans and upgrade present homes through renovations. The new homes will consist of 2 and 3 bedroom units. Manpower to build and renovate these units is essential. (36) veterans applicants in the Eastern Navajo Agency are ready to build. Home site/Residential Lease are complete, Enviromental Assessments and Archological Clearance are in process. This is being paid by New Mexico Capital Outlay funds. The (50) renovation projects are also construction ready.

3. **Background:**
 - a. **Location:**

Northwestern Corner of New Mexico composed of Eastern Navajo Agency, Crownpoint, New Mexico. This includes (3) satellite Navajo communities of Alamo, Tohajiilee and Ramah, New Mexico. The Crownpoint Department of Veterans Affairs Office covers (31) Navajo Nation Chapter There are (2,774) Navajo Veterans registered with the Eastern Navajo Agency.

 - a. **Problem/Need:**

There is a continuing problem of homelessness among Navajo veterans who otherwise cannot afford or finance a home of their own due to inadequate or on fixed income. The Department of Navajo Veterans, Eastern Navajo Agency has a backlog of 110 Self Help Housing applications and will take another ten years to fulfill the housing need for veterans with current limited funding from the Navajo Nation and Navajo Housing Authority (NAHASDA) Housing Program.

A lot has to do with the high unemployment rate of a least 60% and underemployment among Navajo veterans resulting in deplorable economic conditions on the Navajo Nation, there are approximately 10% of Navajo veteran population requesting for a safe, decent and affordable home. Over 650 Navajo veterans who reside in New Mexico are in dire need of adequate housing. These targeted Navajo veterans include homelessness, elderly, handicapped, and disabled veterans either service connected or non-service connected.

b. Project Description:

The scope of work is to establish a Navajo Nation Veterans Housing and Renovation Project. The project will provide needy veterans with building and renovation material within New Mexico portion of the reservation. This includes: (36) veterans with a complete house and (50) veterans to have their home renovated, so that they will be brought up to standard. Time Line to complete (36) houses and (50) renovation projects will be (1) year from delivery of material. Attached is a Self Help Housing project ready listing4.

c. Budget:

New Construction (3 bedroom)	\$50,000 x 11 homes	=	\$ 550,000
	(2 bedroom) \$40,000 x 25 homes	=	\$ 1,000,000
Rehabilitation	\$10,000 x 50 homes	=	\$ 500,000
Total amount for Building and Renovation Material		=	\$ 2,050,000

Personnel:

(Navajo Nation Wages)

Construction Supervisor (3)			
	2080 hrs. x 3 = 6,240 hrs. x \$14.88	=	\$ 92,851
Office Specialist (1)	2080 hrs. x \$10.55	=	\$ 21,944
Fringe Benefits: Navajo Nation @ 9.40%		=	\$ 10,791
Total Navajo Nation Wages and Fringe Benefits		=	\$ 125,586

(Davis Bacon Wages)

Carpenters (30)	2080 hrs x 30 = 62,400 hrs x \$14.70	=	\$ 917,280
Fringe Benefits: Davis-Bacon		=	\$ 0
Total Davis-Bacon Wages and Fringe Benefits		=	\$ 917,280

Licensed Plumber (Contract)	\$2,000 x 36 houses	=	\$ 72,000
Licensed Electrician (Contract)	\$2,500 x 36 houses	=	\$ 90,000
Total amount for Contracting Plumber and Electrician		=	\$ 162,000

Construction Equipment **\$ 150,000**

TOTAL: \$3,404,866

Construction Supervisors and Office Specialist will not be doing the actual work on construction site. Supervisors will only monitor and oversee construction.

Construction Supervisor monitors and oversees construction, plans, schedules and determines work priorities; plans project requirements and requisitions required materials, parts, tools, and equipment; prepares construction schedules, floor plans, materials estimates and scope of work; schedules delivery dates for material shipments to project site; interprets rules, regulations, policies, procedures and directives to assigned personnel.

Office Specialist will log in sort and distributes incoming and out going mail; reviews reports, records, accounts; maintains hard copy files; types, and edits correspondence, reports records and forms; enters and verifies data in computerized system and prepares reports from provided data; compiles reports; maintains employee time sheets.

2. **Request:**
An appropriation of \$85,000 is requested through American Recovery and Reinvestment Act of 2009 ("ARRA") Stimulus to the Department of Veterans Affairs, Eastern Navajo Agency of the Navajo Nation. Funds to be used for parking lot construction.

3. **Background:**
 - a. **Location:**
Northwestern Corner of New Mexico compose of Eastern Navajo Agency, Crownpoint, N.M. This also includes (3) satellite Navajo communities of Alamo, Tohajiilee and Ramah, New Mexico. The Crownpoint Department of Veterans Affairs Office covers (31) Navajo Nation Chapters. There are (2,774) Navajo Veterans registered within the Eastern Navajo Agency.

 - b. **Problem/Need:**
Since Fiscal year 2002 funding was secured for a Modular Office Building to be constructed for Veterans in the Eastern Agency. Funds were allocated from the State of New Mexico Capital Outlay. The funds received were: \$100,000 for Modular Office, \$40,000 and \$50,000 for infrastructure development. A total of \$190,000 was not enough to complete project. In April 2008 funding in the amount of \$200,000 was approved through the Capital Improvement Program. The total funds amounting to \$390,000 was enough to begin advertising for a Modular Office and Infrastructure. Development of this project began in January 2009. Office will be completed by July 2009. Bitco Corporation of Albuquerque, New Mexico was awarded the contract. Included in the contract was to have contractor design and layout parking area. Design and Specification for the parking lot is forthcoming. Therefore, the Eastern Agency is requesting an additional amount of \$85,000 to complete the parking lot. This would include Asphalt Paving W/6" base cs @ parking, striping, HC signage, parking bumpers allowance. This is a project is ready to be constructed once funding is received. Information pertaining to this contract can be obtained from Mr. Harrison Martin of Navajo Nation, Design and Engineer.

c. **Project Description:**

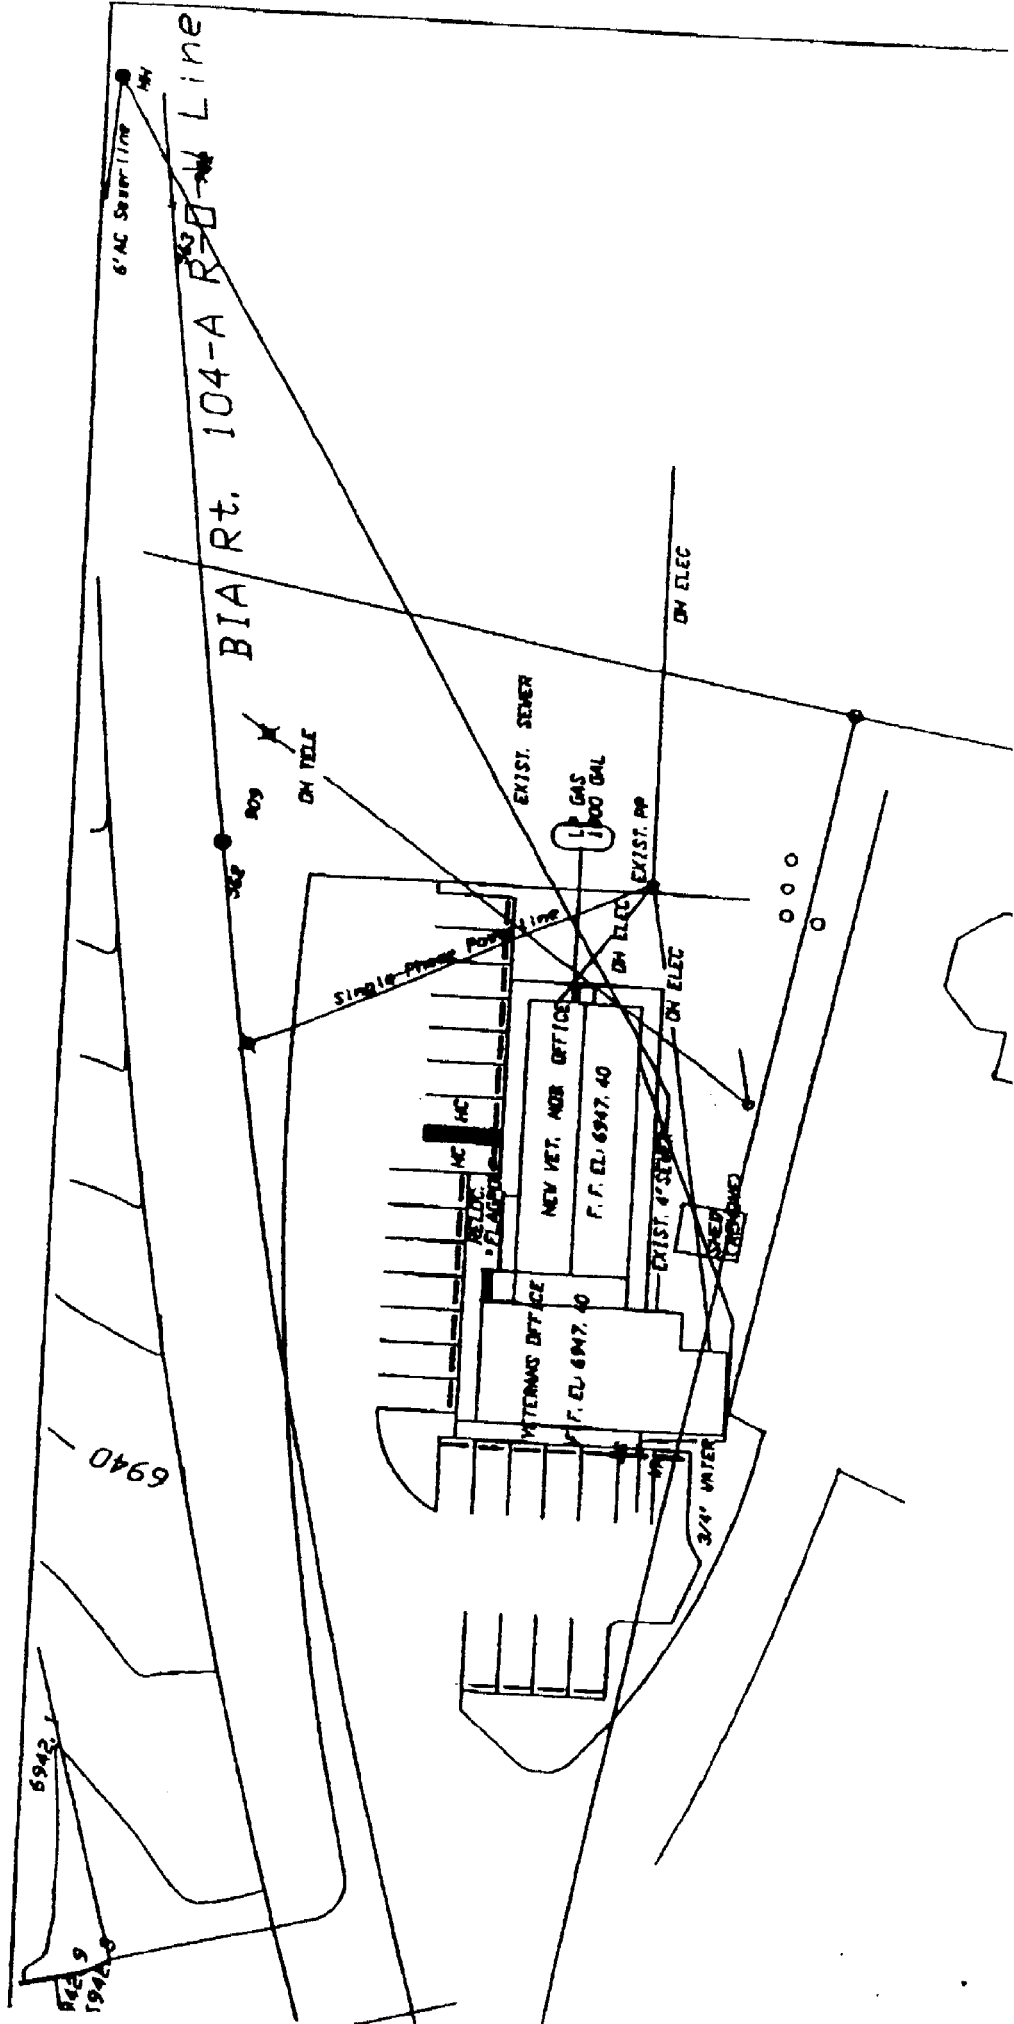

The scope of work is to construct a parking area adjacent to the new office building presently under construction. Attached is a Preliminary Site Layout for the Crownpoint Veterans Center.

Budget:

\$85,000 to construct a parking lot for the Veterans Affairs office complex.

VICE PRESIDENT

MEMORANDUM

TO : Leo Chischilly, Department Manager II
DNVA/CENTRAL ADMINISTRATION

FROM : 
Johnnie Martin, Veteran Service Officer
DNVA/EASTERN NAVAJO AGENCY

DATE : May 1, 2009

SUBJECT : **HOUSING REQUEST THRU AMERICAN RECOVERY
AND REINVESTMENT ACT OF 2009 (ARRA)**

The Department of Veterans Affairs, Eastern Navajo Agency is requesting for (36) Three Bedroom units for veterans in the Eastern Navajo Agency. Attached is a report on all (36) veterans selected for housing.

The Total Development Cost (TDC) is estimated at \$250,000.00 per unit. This will include the sum of all costs for a project including all undertaking necessary for administration, planning, site acquisition, demolition, construction or equipment to carry out the development of the project, excluding off site water and sewer. The (TDC) amounts will be based on a moderately designed house.

The total cost to construct (36) Three Bedroom units based on estimated (TDC) of \$250,000.00 is \$9,000,000.00. **(36) Units x \$250,000 = \$9,000,000.00.**

Should you have any questions, please call our office.

DEPARTMENT OF NAVAJO VETERANS AFFAIRS

• Crownpoint, NM 87313 • (505) 786-2030

JOE SHIRLEY, JR
PRESIDENT

BEN SHELLEY
VICE PRESIDENT

MEMORANDUM

TO : Leo Chischilly, Department Manager II
DNVA/CENTRAL ADMINISTRATION

FROM : 
Johnnie Martin, Veterans Service Officer
DNVA/EASTERN NAVAJO AGENCY

DATE : May 1, 2009

SUBJECT : **DOWN PAYMENT FOR HOUSE PURCHASE**

We are requesting that funds for Down Payment Assistance be made available through the American Recovery and Reinvestment Act of 2009 (ARRA). These funds would be utilized for the (36) veterans to be assisted with housing on the attached listing.

We are anticipating that the homes for these veterans will be built by the Navajo Housing Authority an Entity of the Navajo Nation. The Navajo Housing Authority is presently the Tribal Designated Housing Entity designated by the Navajo Nation.

Should these homes be built by the Navajo Housing Authority the veterans will be executing a Mutual Help and Occupancy Agreement (MHOA). This agreement will be binding until the house is paid off. Veterans will be making monthly payments based on family income. Veteran will be required make a down payment towards the home. They will also be responsible for maintaining their homes.

The Median Income for these families is around \$45,000.00. The Navajo Housing Authority requires a 2% Down Payment for families selected. We are requesting \$32,400.00 for Down Payment Assistance. $\$45,000.00 \times .02 = \$900.00 \times 36 = \$32,400.00$. Each veteran selected will be assisted with \$900.00 with Down Payment Assistance.

Should you have any questions, please call our office.

 Item No. 5 #1 - 15 Has AC and EA, From #16-36 Is in process for AC and EA.
 Item No. 10 Floor Plans Is in process.

**DEPARTMENT OF VETERANS AFFAIRS
THE NAVAJO NATION
SUBMITTED MARCH 26, 2009**

1. **Requester:**
Department of Navajo Veterans Affairs
Eastern Navajo Agency
P.O. Box 570
Crownpoint, New Mexico 87313

2. **Request:**
An appropriation of \$85,000 is requested through American Recovery and Reinvestment Act of 2009 ("ARRA") Stimulus to the Department of Veterans Affairs, Eastern Navajo Agency of the Navajo Nation. Funds to be used for parking lot construction.

3. **Background:**
 - a. **Location:**
Northwestern Corner of New Mexico compose of Eastern Navajo Agency, Crownpoint, N.M. This also includes (3) satellite Navajo communities of Alamo, Tohajiilee and Ramah, New Mexico. The Crownpoint Department of Veterans Affairs Office covers (31) Navajo Nation Chapters. There are (2,774) Navajo Veterans registered within the Eastern Navajo Agency.

 - b. **Problem/Need:**
Since Fiscal year 2002 funding was secured for a Modular Office Building to be constructed for Veterans in the Eastern Agency. Funds were allocated from the State of New Mexico Capital Outlay. The funds received were: \$100,000 for Modular Office, \$40,000 and \$50,000 for infrastructure development. A total of \$190,000 was not enough to complete project. In April 2008 funding in the amount of \$200,000 was approved through the Capital Improvement Program. The total funds amounting to \$390,000 was enough to begin advertising for a Modular Office and Infrastructure. Development of this project began in January 2009. Office will be completed by July 2009. Bitco Corporation of Albuquerque, New Mexico was awarded the contract. Included in the contract was to have contractor design and layout parking area. Design and Specification for the parking lot is forthcoming. Therefore, the Eastern Agency is requesting an additional amount of \$85,000 to complete the parking lot. This would include Asphalt Paving W/6" base cs @ parking, striping, HC signage, parking bumpers allowance. This is a project is ready to be constructed once funding is received. Information pertaining to this contract can be obtained from Mr. Harrison Martin of Navajo Nation, Design and Engineer.

c. **Project Description:**

The scope of work is to construct a parking area adjacent to the new office building presently under construction. Attached is a Preliminary Site Layout for the Crownpoint Veterans Center.

Budget:

\$85,000 to construct a parking lot for the Veterans Affairs office complex.

Prepared by: Johnnie Martin

Fax Number: (505) 786-2033

**DEPARTMENT OF VETERANS AFFAIRS
THE NAVAJO NATION
SUBMITTED: MARCH 26, 2009**

1. Requester:

Department of Navajo Veterans Affairs
The Navajo Nation
P.O. Box 430
Window Rock, AZ 86515

2. Request:

An appropriation of \$50,000 is requested through American Recovery and Reinvestment Act of 2009 ("ARRA") Stimulus to the Department of Veterans Affairs, Eastern Navajo Agency. This would be to purchase office furniture for our new veteran's office presently under construction in Crownpoint, New Mexico. The Eastern Navajo Agency Veterans have been leasing office space since its inception. The veterans in the agency are finally receiving an office they can call home.

3. Background:

a. Location:

Northwestern Corner of New Mexico composes of Eastern Navajo Agency, Crownpoint, N.M. This includes (3) satellite Navajo communities of Alamo, Tohajiilee and Ramah, New Mexico. The Crownpoint Department of Veterans Affairs Office, Eastern Agency covers (31) Navajo Nation Chapters. There are (2,774) Navajo Veterans registered within the Eastern Navajo Agency

b. Problem/Need:

The Department of Veterans Affairs, Eastern Navajo Agency is in the process of having a new office constructed for veterans in the Eastern Navajo Agency. Construction will be completed by July 2009. All furniture in the present office is in dilapidated condition. The new office building and furniture will improve and upgrade delivery of services to our veterans, surviving spouses, God Star Mothers, and dependent children of deceased veterans.

c. Project Description:

The scope of work is to purchase office furniture's to be installed into the new veteran's office building being constructed. This will enhance the environment for veterans and family use.

d. Budget:

\$50,000.00 to purchase office furniture and installation.

Prepared by: Johnnie Martin
Title: Veteran Service Officer
Organization: Navajo Nation Department of Veteran Affairs
Eastern Navajo Agency, Crownpoint, New Mexico
Telephone Number: (505) 786-2030
Fax Number: (505) 786-2033

**DEPARTMENT OF VETERANS AFFAIRS
THE NAVAJO NATION
SUBMITTED: May 1, 2009**

1. **Requester:**

Department of Navajo Veterans Affairs
Eastern Navajo Agency
P.O. Box 570
Crownpoint, New Mexico 87313

2. **Request:**

An appropriation of \$3,364,602 is requested through the American Recovery and Reinvestment Act of 2009 ("ARRA") Stimulus to the Department of Veterans Affairs, Eastern Navajo Agency. This is to assist needy Navajo Veterans with home building material within the Eastern Navajo Agency on the New Mexico portion of the Navajo Nation for new and rehabilitation construction. Funds will be used to build new homes for veterans and upgrade present homes through renovations. The new homes will consist of 2 and 3 bedroom units. Manpower to build and renovate these units is essential. (36) veterans applicants in the Eastern Navajo Agency are ready to build. Home site/Residential Lease are complete, Enviromental Assessments and Archological Clearance are in process. This is being paid by New Mexico Capital Outlay funds. The (50) renovation projects are also construction ready.

3. **Background:**
 - a. **Location:**

Northwestern Corner of New Mexico composed of Eastern Navajo Agency, Crownpoint, New Mexico. This includes (3) satellite Navajo communities of Alamo, Tohajiilee and Ramah, New Mexico. The Crownpoint Department of Veterans Affairs Office covers (31) Navajo Nation Chapter There are (2,774) Navajo Veterans registered with the Eastern Navajo Agency.

 - a. **Problem/Need:**

There is a continuing problem of homelessness among Navajo veterans who otherwise cannot afford or finance a home of their own due to inadequate or on fixed income. The Department of Navajo Veterans, Eastern Navajo Agency has a backlog of 110 Self Help Housing applications and will take another ten years to fulfill the housing need for veterans with current limited funding from the Navajo Nation and Navajo Housing Authority (NAHASDA) Housing Program.

A lot has to do with the high unemployment rate of a least 60% and underemployment among Navajo veterans resulting in deplorable economic conditions on the Navajo Nation, there are approximately 10% of Navajo veteran population requesting for a safe, decent and affordable home. Over 650 Navajo veterans who reside in New Mexico are in dire need of adequate housing. These targeted Navajo veterans include homelessness, elderly, handicapped, and disabled veterans either service connected or non-service connected.

b. Project Description:

The scope of work is to establish a Navajo Nation Veterans Housing and Renovation Project. The project will provide needy veterans with building and renovation material within New Mexico portion of the reservation. This includes: (36) veterans with a complete house and (50) veterans to have their home renovated, so that they will be brought up to standard. Time Line to complete (36) houses and (50) renovation projects will be (1) year from delivery of material. Attached is a Self Help Housing project ready listing4.

c. Budget:

New Construction (3 bedroom)	\$50,000 x 11 homes	=	\$ 550,000
	(2 bedroom) \$40,000 x 25 homes	=	\$ 1,000,000
Rehabilitation	\$10,000 x 50 homes	=	\$ 500,000
Total amount for Building and Renovation Material			= \$ 2,050,000

Personnel:

(Navajo Nation Wages)

Construction Supervisor (3)	2080 hrs. x \$14.88	=	\$ 30,950
Office Specialist (1)	2080 hrs. x \$10.55	=	\$ 21,944
Fringe Benefits: Navajo Nation @ 9.40%		=	\$ 4,972
Total Navajo Nation Wages and Fringe Benefits			= \$ 57,866

(Davis Bacon Wages)

Carpenters (30)	2080 hrs x 30 = 62,400 hrs x \$15.14	=	\$ 944,736
Fringe Benefits: Davis-Bacon		=	\$ 0
Total Davis-Bacon Wages and Fringe Benefits			= \$ 944,736

Licensed Plumber (Contract)	\$2,000 x 36 houses	=	\$ 72,000
Licensed Electrician (Contract)	\$2,500 x 36 houses	=	\$ 90,000
Total amount for Contracting Plumber and Electrician			= \$ 162,000

Construction Equipment **\$ 150,000**

TOTAL: \$ 3,364,602

Construction Supervisors and Office Specialist will not be doing the actual work on construction site. Supervisors will only monitor and oversee construction.

Construction Supervisor monitors and oversees construction, plans, schedules and determines work priorities; plans project requirements and requisitions required materials, parts, tools, and equipment; prepares construction schedules, floor plans, materials estimates and scope of work; schedules delivery dates for material shipments to project site; interprets rules, regulations, policies, procedures and directives to assigned personnel.

Office Specialist will log in sort and distributes incoming and out going mail; reviews reports, records, accounts; maintains hard copy files; types, and edits correspondence, reports records and forms; enters and verifies data in computerized system and prepares reports from provided data; compiles reports; maintains employee time sheets.

DEPARTMENT OF NAVAJO VETERANS AFFAIRS
GRANT APPLICATION FOR
AMERICAN RECOVERY & RE INVESTMENT ACT OF 2009

April 01, 2009

1. **REQUESTOR:**

Department of Navajo Veterans Affairs
P.O. Box 430
Window Rock, Arizona 86515
Contact: Leo Chischilly, Department Manager II
Phone: (928)871-7276
Fax: (928)871-7288

2. **REQUEST:**

A request of an appropriation of \$500,000 is needed from the American Recovery and Reinvestment Act of 2009, for planning, right-of-way clearance, design and construction drawings for the proposed first-ever veterans' cemetery on the Navajo Nation; first phase of design and development to consist of ten (10) acres of trust land located south of Chinle, Apache County, Arizona. The site has been approved and withdrawn by the Chinle Chapter by an approved chapter resolution. There is no official veterans' cemetery on the Navajo Nation except for the one families used at Fort Defiance community and veterans cemetery which was drawn by the Bureau of Indian Affairs during the Second World War. The current Fort Defiance community/veterans cemetery is full to capacity and Navajo Chapters has been encouraged and requested to identify and select another veterans' cemetery site. Up to date, Chinle Chapter is the only Navajo chapter that has identified and withdrawn a twenty (20) acres cemetery site.

3. **BACKGROUND INFORMATION:**

Currently, there is no official veteran' cemetery on the Navajo Nation except for the Fort Defiance Community/Veterans Cemetery which was established during World War II by the Bureau of Indian Affairs (BIA) in coordination with the Navajo Nation Council when military service members killed-in-action (KIA) started to be shipped home from the Pacific and European Theater for burial services. The cemetery was established to intern both the veterans and community members. Recent information being disseminated is that the Fort Defiance cemetery is full to capacity and Navajo Nation Chapters are advised to seek their own land withdrawal for cemetery. Chinle DNVA in coordination with Chinle Chapter has identified and withdrew forty (40) acres of trust land for community and veterans cemetery. Twenty (20) acres is identified specifically for veterans' cemetery. The site location is approximately five miles south of Chinle Chapter house at the base of the ridge outcrop formerly used as a rifle range by Chinle community members. Site visit is scheduled for April 21 & 22, 2009, by State Cemetery Director, Mr. Frank Salvas, from the National Cemetery Administration for review and processing.

4. **PROBLEM/NEED:**

The problem that the Navajo Nation experienced was exclusion to submit grant application for federal funds to establish a veterans' cemetery on trust land due to legislative language in 38 USC, Section 2408, which did not include Indian Nation. Finally in FY'2006, the 109th Congress passed Public Law 109-461 and signed into law by President George W. Bush on December 22, 2006. The Act amended Title 38, United States Code, to repeal certain limitation and Section 403, established eligibility for Indian tribal organization to apply for grants to establish Veterans Cemeteries on trust lands; Section 2408 is amended by adding the subsection, (1) the Secretary may make grants to any tribal organization for Cemetery Grants for establishing, expanding or improving veterans cemeteries on trust land, and (2) grants will be made in the same manner, same conditions as grants made under 38 CFR Part 39. Currently, the Navajo Nation Department of Navajo Veterans Affairs in coordination with the National VA Cemetery Administration is preparing a pre-application proposing to establish the first veterans' cemetery on the Navajo Nation trust land. The first site location identified is in Chinle, Apache County, Arizona and another possible site that still needs to be reviewed and supported is at Fort Wingate, McKinley County, New Mexico. The need to go forward with planning the establishment of a veterans' cemetery is an appropriation (up front funding) in the amount of \$500,000 for site planning, legal survey, soil testing, cemetery design and development of the construction drawings.

5. **PROJECT DESCRIPTION:**

The scope of work will encompass compiling all legislation that approved the withdrawal of the forty (40) acres of trust land for community and veterans cemetery in Chinle, Arizona; perform a legal survey to identify boundary corners and legal descriptions; perform soil testing to determine depth feasibility; identify/locate existing infrastructure; design a twenty (20) acres in-ground burial in accordance with VA standards and specifications; and develop construction drawings to be use for advertising and actual construction of the veterans' cemetery. The design will include entry feature (gate), divided roadway, assembly area for ceremonial events, and committal shelter for burial services, irrigation and drainage. The design will provide veterans with a lasting memorial worthy of the sacrifices they have given to the Nation.

6. **BUDGET:**

\$500,000.00

Site Planning
Legal Survey
Soil Testing
Design
Construction Drawings

Fax: (928)871-7288

2. **REQUEST:**

A request of an appropriation of \$500,000 is needed from the American Recovery and Reinvestment Act of 2009, for planning, right-of-way clearance, design and construction drawings for the proposed first-ever veterans' cemetery on the Navajo Nation; first phase of design and development to consist of ten (10) acres of trust land located south of Chinle, Apache County, Arizona. The site has been approved and withdrawn by the Chinle Chapter by an approved chapter resolution. There is no official veterans' cemetery on the Navajo Nation except for the one families used at Fort Defiance community and veterans cemetery which was drawn by the Bureau of Indian Affairs during the Second World War. The current Fort Defiance community/veterans cemetery is full to capacity and Navajo Chapters has been encouraged and requested to identify and select another veterans' cemetery site. Up to date, Chinle Chapter is the only Navajo chapter that has identified and withdrawn a twenty (20) acres cemetery site.

3. **BACKGROUND INFORMATION:**

Currently, there is no official veteran' cemetery on the Navajo Nation except for the Fort Defiance Community/Veterans Cemetery which was established during World War II by the Bureau of Indian Affairs (BIA) in coordination with the Navajo Nation Council when military service members killed-in-action (KIA) started to be shipped home from the Pacific and European Theater for burial services. The cemetery was established to intern both the veterans and community members. Recent information being disseminated is that the Fort Defiance cemetery is full to capacity and Navajo Nation Chapters are advised to seek their own land withdrawal for cemetery. Chinle DNVA in coordination with Chinle Chapter has identified and withdrew forty (40) acres of trust land for community and veterans cemetery. Twenty (20) acres is identified specifically for veterans' cemetery. The site location is approximately five miles south of Chinle Chapter house at the base of the ridge outcrop formerly used as a rifle range by Chinle community members. Site visit is scheduled for April 21 & 22, 2009, by State Cemetery Director, Mr. Frank Salvas, from the National Cemetery Administration for review and processing.

4. **PROBLEM/NEED:**

The problem that the Navajo Nation experienced was exclusion to submit grant application for federal funds to establish a veterans' cemetery on trust land due to legislative language in 38 USC, Section 2408, which did not include Indian Nation. Finally in FY'2006, the 109th Congress passed Public Law 109-461 and signed into law by President George W. Bush on December 22, 2006. The Act amended Title 38, United States Code, to repeal certain limitation and Section 403, established eligibility for Indian tribal organization to apply for grants to establish Veterans Cemeteries on trust lands; Section 2408 is amended by adding the subsection, (1) the Secretary may make grants to any tribal organization for Cemetery Grants for establishing, expanding or improving veterans cemeteries on trust land, and (2) grants will be made in the same manner, same conditions as grants made under 38 CFR Part 39. Currently, the Navajo Nation Department of Navajo Veterans Affairs in coordination with the National VA Cemetery Administration is preparing a pre-application proposing to establish the first veterans' cemetery on the Navajo Nation trust land. The first site location identified is in Chinle, Apache County, Arizona and another possible site that still needs to be reviewed and supported is at Fort Wingate, McKinley County, New Mexico. The need to go forward with planning the establishment of a veterans' cemetery is an appropriation (up front funding) in the amount of \$500,000 for site planning, legal survey, soil testing, cemetery design and development of the construction drawings.

5. **PROJECT DESCRIPTION:**

The scope of work will encompass compiling all legislation that approved the withdrawal of the forty (40) acres of trust land for community and veterans cemetery in Chinle, Arizona; perform a legal survey to identify boundary corners and legal descriptions; perform soil testing to determine depth feasibility; identify/locate existing infrastructure; design a twenty (20) acres in-ground burial in accordance with VA standards and specifications; and develop construction drawings to be use for advertising and actual construction of the veterans' cemetery. The design will include entry feature (gate), divided roadway, assembly area for ceremonial events, and committal shelter for burial services, irrigation and drainage. The design will provide veterans with a lasting memorial worthy of the sacrifices they have given to the Nation.

6. **BUDGET:**

\$500,000.00

Site Planning
Legal Survey
Soil Testing
Design
Construction Drawings

MEMORANDUM

TO : *LEO CHISCHILLY,*
Richard K. Begay, Senior Planner
CENTRAL DNVA OFFICE

FROM : 
John Wilson, Jr. ASO
Ft. Defiance Agency Veterans Office
Department of Navajo Veterans Affairs

DATE : April 6, 2009

SUBJECT : Request for additional funds for the Ft. Defiance Agency.

- (1). Requesting that the Ft. Defiance Agency Veterans Program is requesting to complete 30 new homes for Veterans within the Ft. Defiance Agency. These new homes will include appliances. We have 30 Veterans that have completed Housing application with Home site Lease, Archaeological Clearance, Endangered Species

20 new homes with 2 bedrooms at a rate of \$35,000.00 each for a total of \$700,000.00
10 new homes with 3 bedrooms at a rate of \$40,000.00 each for a total of \$400,000.00

- (2) Additional request is for minor renovation for ²³25 homes, this will include outside fixtures and/or inside fixtures. For handicapped ramps for 10 homes, windows, doors, shingle.

25 minor renovation at a cost of ^{3,500.00}~~\$2,000.00~~ each for a total of \$50,000.00-
480,500.00

- (3) We will need Temporary employees: We will hire 20 additional personnel with the recovery funds.

(2) Electrician at the following rates:
\$26.80 x 2000 hrs = \$53,600.00 x 2 = \$107,200.00 (2) personnel
\$107,200.00 x 5% Fringe= \$ 5,360.00
\$ 7.08 per personnel \$15.60 +5,360.00 = \$5,375.60

Total cost for Electrician is \$112,575.60

(2) Plumbers at the following rates:
\$26.17 x 2000 hrs = \$52,340.00 x 2 = \$104,680.00 (2) personnel
\$104,680.00 x 13.05% Fringe= \$13,660.74

copy

Total cost for Plumber is \$118,340.74

(2) Carpenters

$\$14.70 \times 2000 \text{ hrs} = \$29,400.00 \times 2 = \$58,800.00$

$\$58,800.00 \times 4.91\% \text{ Fringe} = \$2,887.08$

Total cost for Carpenters is \$61,687.08

(8) Labors

$\$9.51 \times 2000 \text{ hrs} = 19,020.00 \times 8 = \$152,160.00$ (8) personnel

$\$152,160.00 \times 4.91\% \text{ Fringe} = \$7,471.06$

Total cost for Labors is \$159,631.06

TOTAL FOR PERSONNEL COST WILL BE \$452,234.48

- (5) To purchase equipment for constructions of the new home and renovation i.e., cement mixers, shovels, drills, circular saw and other equipment that will be need to complete the project.

Equipment for \$60,000.00

- (6) Other Equipment for constructions:

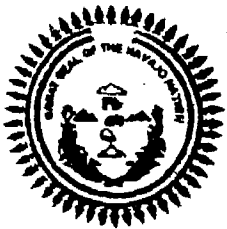

Back hoe	\$42,500
Excavator-27-31,9K	\$72,500
	<u>\$55,000</u>
	\$170,000

- (7) Equipment repair cost and to purchase fuel: for the Cement mixer, back hoe and Grader
\$115,000.00

The total for the following housing project for the Ft. Defiance Agency is \$1,947,234.48

If you have any questions or concerns, please contact me at (928) 729-4010/4117.

MEMORANDUM

TO : Johnnie Martin, Veterans Service Officer
Paul George, Veterans Service Officer
John Wilson, Administrative Service Officer
Department of Navajo Veterans Affairs
Johnnie Martin

FROM : Leo Chischilly, Department Manager II
Department of Navajo Veterans Affairs

DATE : April 30, 2009

SUBJECT : Request Status Report on New Mexico Funding

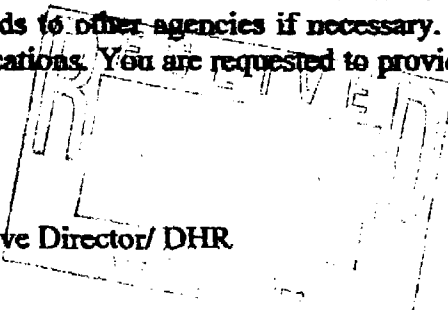

A report on the State of New Mexico funding is being requested from you. In particular, the funding for the \$ 50,000.00 allocation and the \$ 20,000.00 allocation for Archaeological Survey and Home site Lease Survey. The report should contain the following information.

1. Names of veterans that were assisted and the chapter affiliated with.
2. What were they assisted with, archaeological survey, home site lease survey and/or both.
3. What was the dollar amount for the survey and/or assistance.
4. Who conducted the survey.
5. Is the survey completed. If not, provide a brief explanation.
6. Was Receiving Record submitted for payment and has it been paid.
7. Is there still some fund balance on the \$ 50,000.00 and the \$ 20,000.00 currently and how much.
8. What are the plans to expend the funds by June 30, 2009 or even May 29, 2009 especially for the \$ 50,000.00 allocation since the funding expires on June 30, 2009.

Please provide separate reports on the two allocations with the same information as requested. It may become necessary to reallocate funds to other agencies if necessary. Each agency should know their allocated amount from the two allocations. You are requested to provide this report to me by 5:00 p.m. on Friday, May 1, 2009.

Thank you for your cooperation.

INSTRUCTIONS:

- 1 **DD214:** Indicate yes if on file. Must be other than Dishonorable Discharge
- 2 **Application on File:** Indicate (Yes) or (No) or but should be all yes, must be Completed
- 3 **Household Income:** Indicate amount of income
- 4 **Homesite Lease:** Indicate Lease # in column
- 5 **Archological Clearance:** Indicate (Yes) or (No), should be all (YES)
- 6 **Powerline/Waterlines:** Indicate if both are available on site
- 7 **New/Renovation/Addition/Handicapped Ramp:** Indicate type of project. If new, specify size
- 8 **Estimate Costs of Project:** [Material/Labor]: Use Davis Bacon Wage
- 9 **Should this go under NASHASDA, additional information is needed for Environmental Assessment to indicate Endangered Species, Soil Testing, Flood Plan, etc.**
- 10 **House Plan Design Available:** Need Comments

MEMORANDUM

**TO : Richard K. Begay, Senior Planner
CENTRAL DNVA OFFICE**

FROM : 
**John Wilson, Jr. ASO
Ft. Defiance Agency Veterans Office
Department of Navajo Veterans Affairs**

DATE : April 6, 2009

SUBJECT : Request for additional funds for the Ft. Defiance Agency.

- (1). Requesting that the Ft. Defiance Agency Veterans Program is requesting to complete 30 new homes for Veterans within the Ft. Defiance Agency. These new homes will include appliances. We have 30 Veterans that have completed Housing application with Home site Lease, Archaeological Clearance, Endangered Species

20 new homes with 2 bedrooms at a rate of \$35,000.00 each for a total of \$700,000.00
 10 new homes with 3 bedrooms at a rate of \$40,000.00 each for a total of \$400,000.00

- (2) 10% Contingency for unforeseen defects on construction

\$1,100,000.00
 10%
 \$110,000.00

- (2) Additional request is for minor renovation for 25 homes, this will include outside fixtures and/or inside fixtures. For handicapped ramps for 10 homes, windows, doors, shingle.

25 minor renovation at a cost of \$2,000.00 each for a total of \$50,000.00

- (3) We will need Temporary employees: We will hire 20 additional personnel with the recovery funds.

(2) Electrician at the following rates:
 \$26.80 x 2000 hrs = \$53,600.00 x 2 = \$107,200.00 (2) personnel
 \$107,200.00 x 5% Fringe= \$ 5,360.00
 \$ 7.08 per personnel \$15.60 +5,360.00 = \$5,375.60

Sheet metal worker		
Including Hvac Duct Work....	\$ 18.68	4.91

WELDERS - Receive rate prescribed for craft performing operation to which welding is incidental.

Unlisted classifications needed for work not included within the scope of the classifications listed may be added after award only as provided in the labor standards contract clauses 29CFR 5.5 (a) (1) (ii).

In the listing above, the "SU" designation means that rates listed under the identifier do not reflect collectively bargained wage and fringe benefit rates. Other designations indicate unions whose rates have been determined to be prevailing.

WAGE DETERMINATION APPEALS PROCESS

1. Has there been an initial decision in the matter? This can be:

- an existing published wage determination
- a survey underlying a wage determination
- a Wage and Hour Division letter setting forth a position on a wage determination matter
- a conformance (additional classification and rate) ruling

On survey related matters, initial contact, including requests for summaries of surveys, should be with the Wage and Hour Regional Office for the area in which the survey was conducted because those Regional Offices have responsibility for the Davis-Bacon survey program. If the response from this initial contact is not satisfactory, then the process described in 2. and 3. should be followed.

With regard to any other matter not yet ripe for the formal process described here, initial contact should be with the Branch of Construction Wage Determinations. Write to:

Branch of Construction Wage Determinations
Wage and Hour Division

Fax No. (928) 674-2228**

**DEPARTMENT OF NAVAJO VETERANS AFFAIRS
CHINLE AGENCY**

VISION STATEMENT

To promote the quality of life through professional services and attain personal worth, education, employment and training for veterans.

MISSION STATEMENT

Central Navajo Veterans of Chinle Agency will enhance long term employability through total integration of professional resources at all levels of federal, state, tribal and private entities.

“NEED ASSESSMENTS”

The Department of Navajo Veterans Affairs, Chinle, Arizona currently serves 1,759 of Veterans of both genders in the service area with direct impact for specific needs like either service connected, related to gradual impacts development many years later like with health, housing, education, employment, Post Traumatic Stress Disorder (PTSD), drug and alcohol related problem. Gradually, certain services are becoming available through the Navajo Nation Allocations, State of Arizona Programs are accommodating with additional direct service personnel identified to come on board. Problem, there are currently are no office space available for direct services through Arizona Program assigned in Central Navajo Agency to provide professional services to the entire Navajo Nation on the Arizona portion. Likewise, the service medical personnel are assigned to provide medical, mental health and counseling that needs work space. As a result, the services are scattered throughout the community in Chinle area and assigned to clinics in Pinon and Tsaile Indian Health Services.

The Chinle Veterans Program also needs a conference accommodation to host program related activities, information, commence of education in the form of building a multi-purpose complex which will replace the current warehouse.

The Central Navajo Veterans Organization needs a large building for direct services and training, to store Honor Guards materials like weapons, uniforms for specific services to military funeral services. These services are considered top notch service to families upon request. Currently no conference room accommodations exist in the general area to meet the veterans & family needs.

To provide customer services, our parking lot needs to be paved, including sidewalks with handicapped accessibility for our veterans and dependents seeking assistance on a daily basis.

The sixteen local chapter sites (Chapter Houses) are accommodated by the Local Chapter on a case by case basis (along with other direct service staff and programs provided by the Navajo Nation for the local impacted areas)

Chinle Agency is the Central service area that tries to accommodate the direct service needs for medical, mental health; P.T.S.D treatments and referrals to the Arizona State services program: The Federal and State V.A. services located in Chinle.

The best multi-disciplinary case staffing services to meet the local veteran impact needs are provided through the collaborative efforts provided through the Central professional staff will meet most immediate needs for all local veterans, dependents, and families.

The infrastructural improvements requested is base on direct needs of veterans' services, an additional proposed renovation project which could be "shovel ready" with the archaeological designs to meet the ARRA criteria. The engineering surveyed land and environmental and archaeological clearance, all available services on site can be improve on the very limited direct service area space. The improved service will certainly impact permanent employability of each veteran through providing the most adequate professional services available to enhance their life style through better progresses. The Economic conditions to sustain their livelihood include providing the most comprehensive, and motivational programs

which are on-site, and “one-stop” shop for needy veterans and families available for the veterans and their families.

The additional space needs would provide the most cooperative, and will create, challenging services (Personal & Professionally) all veterans or personal and professional levels.

The Chinle Agency Veterans need “The Go-Green Buildings” where challenging services are beyond any imaginable existence anywhere in the United States of America when it comes to V.A. treatments and services in areas of social, economics, medical and educational scales surpass median-income barriers.

The Go Green Building Projects:

The current office complex with 2,016 square footage space will double to 4,032 sq. ft. will be refurbished completely with a Photo Voltaic Solar energy efficient design for heating and cooling system and enhance the total re-design of the building to be totally energy efficient and economical to meet our local and Navajo area veterans and their family needs.

The additional 2,016 sq. ft. office space will accommodate the P.V. Solar energy and efficient utilization system with the addition of the second story accommodation with all available services including designing and building the Handicapped Compliant equipped system to the second floor with all fail-safe measures, using the all green concepts which are compatible with the Navajo and Native American Indian Philosophy and practice.

The Parking Lot cost and efficiency of materials done to insure long term utilization in the amount of 30 parking spaces.

The Multi-purpose Building will be 3,472 sq. ft. replacing the current warehouse the Veterans' Program has been using and out grown because of greater needs of services are continually expanding with program contributions from the Arizona State Department of Veterans, the Federal Veterans' Affairs Program Service development that accommodate and fulfill the need for tele-medicine conference room accommodating the equipment, professional and technical service staff to begin meeting the needs of the general area continued counseling sessions for medical / mental health follow-ups and after-care services following residential treatment.

The total revitalized veterans' services complex would greatly enhance and generate local employment, protect the total environmental impact with utilization of Go Green efficiency and effectiveness in all construction areas.

PROJECT DESIGN

GOALS: The project will provide and enhance the most conducive positive atmospheres to stimulate the mind, body, spirit, physical and general well-being of the veteran.

**DEPARTMENT OF NAVAJO VETERANS AFFAIRS
CHINLE AGENCY**

VISION STATEMENT

To promote the quality of life through professional services and attain personal worth, education, employment and training for veterans.

MISSION STATEMENT

Central Navajo Veterans of Chinle Agency will enhance long term employability through total integration of professional resources at all levels of federal, state, tribal and private entities.

"NEED ASSESSMENTS"

The Department of Navajo Veterans Affairs, Chinle, Arizona currently serves 1,759 of Veterans of both (Men and Woman) genders in the service area with direct impact for specific needs like either service connected, related to gradual impacts development many years later like with health, housing, education, employment, Post Traumatic Stress Disorder (PTSD)/Traumatic Brain Injury (TBI), drug and alcohol related problem. Gradually, certain services are becoming available through the Navajo Nation Allocations, State of Arizona Programs are accommodating with additional direct service personnel identified to come on board. Problem, there are currently are no office space available for direct services through Arizona Program assigned in Central Navajo Agency to provide professional services to the entire Navajo Nation on the Arizona portion. Likewise, the community Based Outreach Clinic (C.B.O.C.) medical personnel are assigned to provide medical, mental health and counseling that needs work space. As a result, the services are scattered throughout the community in Chinle area and assigned to clinics in Pinon and Tsaile Indian Health Services.

The Chinle Veterans Program also needs a conference accommodation to host program related activities, information and commence educational worksessions in the newly formed multi-purpose complex building which will replace the current warehouse.

The Central Navajo Veterans Organization needs a large building for direct services and trainings, to secured a vault store Color and Honor Guards materials like weapons, uniforms for specific functions to military funeral services. These services are considered "top notch" ceremonies to families upon request. Currently no conference room accommodations exist in the general area to meet the needs of veterans, their families and dependents.

For quality customer services, the V.A. parking lot needs to be paved with a drainage system, including special areas of sidewalks with handicapped accessibility docks for our disabled veterans, their families, and dependents.

The sixteen local communities are accommodated by the Navajo Nation departments and programs field staff who provides direct services to 'grassroots' veterans, their families, dependents for greatest impact on a case by case intervention.

The Chinle Agency is the epicenter for all direct service needs for medical, mental health; P.T.S.D. / T.B.I. counselings and treatments through the Department of Navajo Veterans Affairs with The Federal and Arizona State V.A. services located in Chinle, Arizona.

The best multi-disciplinary case staffing services to meet the local veteran impact needs are provided through the collaborative efforts provided through the local professional V.A. staff to meet most primary needs for all veterans, their families and dependents.

The infrastructural improvements requested is base on direct needs of veterans' services, an additional proposed renovation project which could be "shovel ready" with the archaeological designs to meet the federal mandates. The engineering surveyed land and environmental assessment and archaeological clearance are available, and the limited V.A. space can be improved and expanded. More importantly, the improved services will create permanent employability for each veteran through providing the on-site professional services will be available to enhance their life style through advanced development and progress. The Economic conditions to sustain their livelihood include providing the most comprehensive, and motivational programs which will be located on site, and be considered a "one-stop" shop for needy veterans, their families and dependents.

In a conducive atmosphere, the additional office spaces for Federal, State, and Tribal V.A. Entities, including non-profit Veterans' Organizations would provide the most competitive direct services to all veterans, their families and dependents.

The Chinle Agency Veterans need "The Go-Green Buildings" where challenging services are beyond any imaginable existence anywhere in the United States of America when it comes to V.A. treatments and services in areas of social, economics, medical and educational scales surpass median-income barriers.

The Go Green Building Projects:

The current office complex with 2,016 square footage space will double to 4,032 sq. ft. will be refurbished completely with a Photo Voltaic Solar energy efficient design for heating and cooling system and enhance the total re-design of the building to be totally energy efficient and economical to meet our local and Navajo area veterans and their family needs.

The additional 2,016 sq. ft. office space will accommodate the P.V. Solar energy and efficient utilization system with the addition of the second story accommodation with all available services including designing and building the Handicapped Compliant equipped system to the second floor with all fail-safe measures, using the all green concepts which are compatible with the Navajo and Native American Indian Philosophy and practice.

The Parking Lot cost and efficiency of materials done to insure long term utilization in the amount of 30 parking spaces.

The Multi-purpose Building will be 3,472 sq. ft. replacing the current warehouse the Veterans' Program has been using and out grown because of greater needs of services are continually expanding with program contributions from the Arizona State Department of Veterans, the Federal Veterans' Affairs Program Service development that accommodate and fulfill the need for tele-medicine conference room accommodating the equipment, professional and technical service staff to begin meeting the needs of the general area continued counseling sessions for medical / mental health follow-ups and after-care services following residential treatment.

The total revitalized veterans' services complex would greatly enhance and generate local employment, protect the total environmental impact with utilization of Go Green efficiency and effectiveness in all construction areas.

PROJECT DESIGN

GOALS: The project will provide and enhance the most conducive positive atmosphere to stimulate the mind, body, spirit, and general well-being of the veteran to become productive, contributing citizen.

Western Navajo Agency

SUBJECT: PROJECT READY
RE: Tuba City Veterans Office parking lot

Post-It® Fax Note	7671	Date	3/26/09	# of pages	1
To	LED	From	GENE		
Co./Dept.		Co.			
Phone #		Phone #	3450		
Fax #	7288	Fax #	3100		

To my understanding, the proposed allocation for Western Navajo Agency Veterans office parking lot is \$199,400. This is to install new asphalt/concrete parking lot with concrete curbs and sidewalk equipped with ADA ramps.

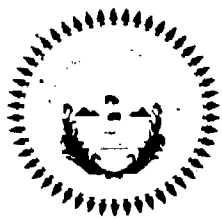

The preconstruction meeting took place in November 2008. The WNA office staff and Mr. Leland Dayzie, Program & Project Specialist with CIO met with Coe and Van Loo L.L.C. of Phoenix, Arizona to review the draft proposal of the Scope of Work. The contact person for this project is Mr. Dayzie of Division of Community Development.

The 4.0 acres of WNA office lot has been resurveyed. The approved Chapter Resolution for the 4.0 acres, a copy of the approval of Bureau of Indian Affairs Right-of-Way was given to CIO. As you are aware, this building was donated and constructed by ABC's "Extreme Home Makeover" within one week. The drainage was not considered at the time.

The WNA office would like to request for additional allocation to include drainage, establishment of onsite flow concepts and additional street lights. This would require amending the existing Scope of Work. I gave Ms. Carletta Benally Mr. Leland Dayzie's information during the staff meeting on March 25, 2009. The other project ready, mainly housing construction will be submitted next week. Thank you.

SUBJECT: WESTERN NAVAJO AGENCY PROJECT READY
RE: Veterans Housing Projects

The following lists of the Western Navajo Agency Veterans will be considered as "project ready" status. All of the Veterans have homesite leases and archaeology clearance on file.

1. PROJECT DESCRIPTION: Western Navajo Agency Veterans Housing Projects.

The housing construction project will consists of two (2) bedrooms and three (3) bedrooms. The current veterans' housing floor plans will be modifying to accommodate 60 BTU furnace, kitchen range and refrigerator. The construction projects will include labors and type of equipment needed to complete these projects.

The size of two bedrooms will be 1,025 sq. ft and for three bedrooms: 1,275 sq. ft.

Project	Location	House size	Cost of Materials/assessments
1. P. Kaibetoney	Tuba City	3 bedroom	\$127,500
2. M. Franklin	Shonto	2 bedroom	\$102,500
3. L. Begay	Dennehotso	2 bedroom	\$102,500
4. E. Riggs	Tuba City	3 bedroom	\$127,500
5. V. Dejole	Kaibeto	2 bedroom	\$102,500
6. A. Semallie	Cameron	2 bedroom	\$102,500
7. E. Roan	Tuba City	2 bedroom	\$102,500
8. V. Tsinnie	Tuba City	2 bedroom	\$102,500
9. W. Simpon	Kayenta	2 bedroom	\$102,500
10. H. Nez	Tuba City	2 bedroom	\$102,500
TOTAL:			\$1,075,000

LABORS:	6 Carpenters:	\$15.14 /hour	1,040 hrs	=	\$94,473.60
	6 Laborer:	\$ 8.15 /hour	1,040 hrs	=	\$72,009.60
	1 Electrician	\$13.64 /hour	1,040 hrs	=	\$16,754.40
	1 Plumber	\$12.51 /hour	1,040 hrs	=	<u>\$17,628.00</u>
				TOTAL:	\$200,865.60

**Labors crews will travel from projects to projects while waiting for concrete to cure.

EQUIPMENT: Three (3) gas power generator; three (3) cement mixer; three (3) paint spray; three (3) air power nail gunner; and three (3) 200 gallon air compressor. This equipment will be utilized at all housing and handicapped accessibility projects.

TOTAL: \$45,691

2. PROJECT DESCRIPTION: The Western Navajo Agency Handicapped Accessibility Projects. The project will include renovation and repairs to existing house to meet Handicapped Accessibility. The doors to bathroom, bedroom and front entrance will be modified and handicapped ramp will be installed.

Project location	Project	cost of materials
1. Kaibeto	Handicapped ramp	\$9,821.00
2. Inscription House	Handicapped ramp	\$9,821.00
3. Shonto	Handicapped ramp	\$9,821.00
4. Kaibeto	Handicapped ramp	\$9,821.00
	TOTAL:	\$39,284.00

LABORS:	3	Carpenters:	\$15.14 p/hour	1,040 hrs	=	\$47,236.80
	2	Labors:	\$11.54 p/hour	1,040 hrs	=	<u>\$24,003.20</u>
					TOTAL:	\$55,983.20

**** EXISTING CONTRACTOR: There is no existing contractor for all projects.**

3. PROJECT DESCRIPTION: Community out-reaches.

In conjunction with U.S. Department of Veterans Affairs and Arizona Department of Veterans Services, the Navajo Nation Department of Navajo Veterans Affairs will sponsor Federal Benefits for Veterans and Dependents and Arizona Entitlements (benefits) for Veterans and Dependents. The two day workshop will consist of health enrollment, filing benefit claims and educating veterans about their benefits. The cost breakdown will consist of: conference room usage, luncheon, morning breakfast and afternoon refreshment. The cost might also include motel rooms for remote area veterans and family.

Estimate costs: \$15,000

4. PROJECT DESCRIPTION: Develop essential facilities for veterans and family.

The building will consist of meeting (conference) room to accommodate 200 veterans and family, treatments and services in areas of social, economics, medical and educational scales surpass median-income barriers. The new building will consist of five office space, conference room, and bath room and it will be accordance to Handicapped Accessibility.

The cost will also consist of labors, building materials, scope of services for engineering, planning, design, construction documents, etc.

The current office building is a modular housing unit that was converted into office building. The building is situated on 4 acres lot. The entire necessary document such as Chapter Resolution, environmental assessment, etc is on file. Our current office building will not accommodate more than 15 veterans, has limited office space for five staff and one bathroom is shared.

Estimate costs: \$2, 9 million

5. OVER-ALL PROJECT COST: The over-all construction costs (both projects) and out-reaches are broken down into four categories.

Materials:	\$1,075,000.00
Labors:	\$ 256,848.80
Equipment:	\$ 45,691.00
Out-reaches	\$ 17,000.00
Office building:	<u>\$2,900,000.00</u>
Total:	\$4,294,539.80

If you have questions, or additional information is required. I can be contact at (928) 283-3029. Thank you.

					TOTAL:	\$55,983.20

**** EXISTING CONTRACTOR: There is no existing contractor for all projects.**

3. PROJECT DESCRIPTION: Community out-reaches.

In conjunction with U.S. Department of Veterans Affairs and Arizona Department of Veterans Services, the Navajo Nation Department of Navajo Veterans Affairs will sponsor Federal Benefits for Veterans and Dependents and Arizona Entitlements (benefits) for Veterans and Dependents. The two day workshop will consist of health enrollment, filing benefit claims and educating veterans about their benefits. The cost breakdown will consist of: conference room usage, luncheon, morning breakfast and afternoon refreshment. The cost might also include motel rooms for remote area veterans and family.

Estimate costs: \$15,000

4. PROJECT DESCRIPTION: Develop essential facilities for veterans and family.

The building will consist of meeting (conference) room to accommodate 200 veterans and family, treatments and services in areas of social, economics, medical and educational scales surpass median-income barriers. The new building will consist of five office space, conference room, and bath room and it will be accordance to Handicapped Accessibility.

The cost will also consist of labors, building materials, scope of services for engineering, planning, design, construction documents, etc.

The current office building is a modular housing unit that was converted into office building. The building is situated on 4 acres lot. The entire necessary document such as Chapter Resolution, environmental assessment, etc

is on file. Our current office building will not accommodate more than 15 veterans, has limited office space for five staff and one bathroom is shared.

Estimate costs: \$2.9 million

5. OVER-ALL PROJECT COST: The over-all construction costs (both projects) and out-reaches are broken down into four categories.

<u>Materials:</u>	
Housing	\$3,346,875.00
Handicapped Ramp	\$ 39,284.00
<u>Labors:</u>	
Housing	\$ 243,900.80
Handicapped Project	\$ 55,983.20
<u>Equipment:</u>	
Out-reaches	\$ 17,000.00
Office building:	<u>\$2,900,000.00</u>
Total:	\$6,648,734.00

If you have questions, or additional information is required. I can be contact at (928) 283-3029. Thank you.

MEMORANDUM

DATE: March 30, 2009

TO: Leo Chischilly, Department Manager II
Department of Navajo Veteran Affairs

FROM: 
Gene Little, Veteran Service Officer
Department of Navajo Veteran Affairs
Western Navajo Agency

SUBJECT: WESTERN NAVAJO AGENCY PROJECT READY
RE: Veterans Housing Project

The following list of the Western Navajo Agency Veterans will be considered "project ready" status. All of the Veterans have homesite leases and archeological clearances on file.

1. PROJECT DESCRIPTION: Western Navajo Agency Veterans Housing Projects

The housing construction project will consist of two (2) bedroom and three (3) bedroom homes. The current veterans' housing floor plans will be modified to accommodate 60 BTU heaters and refrigerator. The construction projects will include labor and type of equipments needed to complete the projects.

	Project	Location	House Size	Cost of Materials
1.	P. Kaibetony	Tuba City	3 bedroom	\$46,862
2.	M. Franklin	Shonto	2 bedroom	\$39,621
3.	L. Begay	Dennehotso	3 bedroom	\$46,862
4.	E. Riggs	Tuba City	3 bedroom	\$46,862
5.	V. Dejolie	Kaibeto	2 bedroom	\$39,621
6.	A. Semalle	Cameron	2 bedroom	\$39,621

TOTAL: \$259,449

LABORS:	6	Carpenters:	\$12.51 /hour	1040	hours	=	\$78,062.40
	6	Laborers:	\$8.15 /hour	1040	hours	=	\$50,856.00
	1	Electrician:	\$13.64 /hour	1040	hours	=	\$14,185.60
	1	Plumber:	\$12.51 /hour	1040	hours	=	\$13,010.40

TOTAL: \$156,114.40

\$156,114.40
x 9.40%
= \$14,674.75

TOTAL: \$170,789.15

**Labors crew will be traveling from projects to projects while waiting for concrete to cure.

EQUIPMENT: Three (3) gas powered generators, three (3) cement mixers, three (3) paint spray gun, three (3) air power nail gun and three (3) 200 gallon air compressor. This equipment will be utilized at all housing and handicap accessibility projects.

2. PROJECT DESCRIPTION: The Western Navajo Agency Handicap Accessibility Project

The Project will include renovation and repairs to existing house to meet Handicapped Accessibility. The doors to the bathroom, bedroom and front entrance will be modified and handicap ramps will be installed.

	Project Location	Project	Cost of Materials
1.	Kaibeto	Handicap Ramp	\$9,821
2.	Inscription House	Handicap Ramp	\$9,821
3.	Shonto	Handicap Ramp	\$9,821
4.	Kaibeto	Handicap Ramp	\$9,821
TOTAL:			\$39,284

LABORS:	3	Carpenters:	\$12.51 /hour	1040	hours	=	\$39,031.20	
	2	Laborers:	\$8.15 /hour	1040	hours	=	\$16,952.00	
							TOTAL:	\$55,983.20

\$55,983.20 x		
9.40%	=	\$5,262.42
TOTAL:		\$61,245.62

EXISTING CONTRACTORS: There is no existing contractor for both projects.

3. OVERALL PROJECT COST:

The overall construction costs (both projects) are broken down into three (3) categories.

Materials:	\$298,733.00
Labors:	\$232,034.77
Equipments:	\$45,691.00
GRAND TOTAL:	\$576,458.77

If you have any questions or additional information is required, I can be contacted at 928.283.3030. Thank you.

III. AGENCY PROPOSALS/PROJECTS:

SHIPROCK AGENCY

Paul George, V.S.O.

Post Office Box 370

Shiprock, New Mexico 87420

Telephone: (505) 368-1013

Fax No. (505) 368-1015

Request for American Recovery and Reinvestment Act of 2009 FUND
March 31, 2009

Presenter
Paul J. George
Veteran Service Officer
Shiprock Agency – DNVA

ARRA Core Team Members:

In honoring the Nation's commitment to care for the Navajo men and women veterans of United States Armed Forces from world wars, other conflicts and eras, the Northern Navajo Agency Department of Navajo Veterans Affairs is requesting for \$116,000.00 of the American Recovery and Reinvestment Act of 2009 Fund for facility infrastructure upgrading and complete the Department of Navajo Veterans Affairs information technology system in Northern Navajo Veterans Center.

On February 7, 2008 Department of Navajo Veterans Affairs occupied the Northern Agency Veterans Center facility to serve the Navajo veterans and their survivors and dependents in New Mexico, Arizona and Utah, and in 19 chapters. The construction of Northern Agency Veterans Center facility was not completed because the funds for construction were depleted. The infrastructure upgrading and the information technology development and staffing are project ready and highly potential economic stimulus impacts on the Navajo Nation.

Northern Navajo Veterans Center Infrastructure Upgrade: \$316,000

Northern Agency Veterans Center parking lots, entrance to highway, and construct memorial and relocation of poles for flag to be upgrade and improved the environment of the center.

Contact: Capital Improvement Office, Window Rock, Arizona
Northern Agency Department of Navajo Veterans Affairs (505) 368-1013/1014
Re: Architect Design and Plan for the facility.

Northern Navajo Veterans Center Information Technology: \$ 100,000

IT is critical for Department of Navajo Veterans Affairs Northern Agency Veterans Center to make Department's standard in data security within the federal guidelines. And also to infusion of new resources to implement new systems and upgrade the existing systems, which have direct impact on the VA benefits and services to the veterans.

Contact: Paul J. George, Veteran Service Officer, Northern Agency DNVA

Request for American Recovery and Reinvestment Act of 2009 FUND
March 19, 2009

Presenter
Paul J. George
Veteran Service Officer
Shiprock Agency-DNVA

ARRA Core Team Members:

In honoring the Nation's commitment to care for the Navajo men and women veterans of United States Armed Forces from world wars, other conflicts and eras, the Northern Navajo Agency Department of Navajo Veterans Affairs is requesting for \$1,250,000.00 of the American Recovery and Reinvestment Act of 2009 Fund for Navajo veterans housing projects, which included costs for building materials, basis appliances, personnel, contractual services, transportation, equipments and other construction related expenses.

Northern Navajo Agency Department of Navajo Veterans Affairs serves the Navajo veterans and their survivors and dependents in New Mexico, Arizona and Utah, and in 19 chapters. There are 2,794 Navajo veterans and their survivors registered in Northern Agency Department of Navajo Veterans Affairs. Veteran's benefits programs are of great importance to many of the Navajo veterans and their family. Nearly one-third of the Navajo veterans population—861 veteran are elderly and has some types of disability conditions and 1,900 family members-is potentially eligible for veterans benefits. However, less than 1% of potentially eligible veterans and their surviving family receive any veterans' benefits.

The Navajo Veterans Housing Projects are construction ready and highly potential economic stimulus impacts on the Navajo Nation. The Department of Navajo Veterans Affairs comports to move the veterans housing projects forward in timely manner and that will put many to work on the Navajo Nation.

Veteran's Housing Projects:

\$1,250,000.00

Veterans' Housing Projects are targeted to disabled, elder and low income Navajo veterans in Northern Navajo Agency.

The DNVA has 123 completed housing applications that had approved home-site, archaeological clearance, and some has infrastructure (electric and water) on-site. 102 of the applicants are elderly (55 years and older) veterans and their survivors.

- Approved NFPA Assessment: Endangered species study, flood plain, soil testing and etc.

IV. APPENDIX

- A. Navajo Nation ARRA Symposium**
- B. ARRA Funding for Department of Veterans Affairs**

INFORMATION RELATED TO THE AMERICAN RECOVERY AND REINVESTMENT ACT OF 2009

Implementing the Recovery Act

The American Recovery and Reinvestment Act of 2009 provides the Department of Veterans Affairs funding of \$1,408,200,000 to improve its medical facilities and national cemeteries, provide grants to assist States in acquiring or constructing State nursing home and domiciliary facilities and to remodel, modify, or alter existing facilities in order to furnish care to Veterans, to hire and train temporary claims processors, to pursue needed information technology systems initiatives, to administer one-time payments of \$250 to eligible Veterans and their survivors or dependents, and to oversee and audit programs, grants, and projects funded under ARRA. The ARRA also provides for an additional, estimated \$700 million for the one-time \$250 economic recovery payments. Additional information about each Recovery program is provided below.

Veterans Health Administration - Medical Facilities Non-Recurring Maintenance (NRM) and Energy Projects (\$1 Billion)

The ARRA provides \$1 billion for the Veterans Health Administration's (VHA) NRM projects and Energy initiatives. Of this, \$399 million will be used for energy priorities (projects incorporating energy efficiency and renewable energy) and the remaining \$601 million will be used for NRM priorities.

The focus of these NRM projects is to correct, replace, upgrade and modernize existing infrastructure and utility systems for VA medical centers. Projects include, but are not limited to, patient privacy corrections, life safety corrections, facility condition deficiency corrections, utility system upgrades, and improvements related to mental health care. Projects have been developed and are planned for initial obligation in the next few months.

Renewable energy and energy efficiency projects will encompass all stages of energy development from detailed feasibility studies through construction. These contracts will include utilization of technical experts as well as the manufacturing of equipment such as building control systems, energy generation equipment, and various construction supplies. The expected economic impacts include increased jobs and activity as contractors supply the labor and materials to install and commission renewable energy and energy efficient systems.

Veterans Health Administration - Grants for State Extended Care (\$150 Million)

The Department of Veterans Affairs (VA) provides financial assistance to the States to construct or acquire nursing home, domiciliary and/or adult day health care facilities. VA may contribute up to 65 percent of the cost of construction or acquisition of State nursing homes or domiciliaries or of renovations to existing State homes.

Through the ARRA, VA's Grants for State Extended Care Program will help jumpstart the economy in 23 states by creating and saving construction jobs. Under this program 49 new construction and renovation projects for State Veterans Homes are planned.

National Cemetery Administration - Monument and Memorial Repairs (\$50 Million)

The National Cemetery Administration (NCA) honors Veterans with final resting places in national shrines and with lasting tributes that commemorate their service to our Nation. NCA maintains more than 2.9 million gravesites at 128 cemeteries in 39 states and Puerto Rico, as well as 33 soldiers' lots and monument sites. NCA has identified projects for the \$50 million in ARRA funds for (1) national shrine projects to raise, realign, and clean headstones/markers and repair sunken graves at various locations across the country; (2) projects for repairing roads, buildings, and other cemetery infrastructure at locations nationwide; (3) equipment purchases for cemetery operations; (4) projects that conserve energy and water through the use of wind turbines, solar power and other measures; and (5) repairs to historic monuments and memorials at national cemeteries.

Veterans Benefits Administration - Hiring Temporary Claims Processors (\$150 Million)

The Veterans Benefits Administration (VBA) will utilize the \$150 million to employ approximately 1,500 claims processors. While some employees will be hired on a permanent basis, the majority will be temporary employees. Temporary employees will assume responsibilities that allow fully trained employees to focus on the core elements of claims processing, thus speeding completion of claims determinations. Permanent employees will receive VBA's existing new employee training curriculum and be retained as other permanent employees attrite.

Veterans Benefits Administration - Veteran Economic Recovery Payments (estimated \$700 Million for payments plus \$7.1 Million for General Operating Expenses and \$100,000 for Information Technology to administer the payments)

The ARRA provides for a one-time payment of \$250 to eligible Veterans and survivors to help mitigate the effects of the current economy. VA estimates making \$700 million in payments. VA is working in coordination with the Social Security Administration, the Railroad Retirement Board, and the Department of the Treasury to make these payments beginning in June 2009.

Office of Information and Technology - (\$50 Million)

The Department will primarily utilize ARRA funds to provide software development, staff, and associated supplies and equipment to support implementation of the Post 9/11 GI Bill (Chapter 33). Remaining funds will support upgrades to other VBA systems.

Office of Inspector General - (\$1 Million)

The ARRA provides \$1 million for the Inspector General to audit and investigate applicable VA programs, grants and projects receiving ARRA funds and to perform necessary oversight.

Date: June 9—11, 2009

Time: 8:30AM—5:00PM

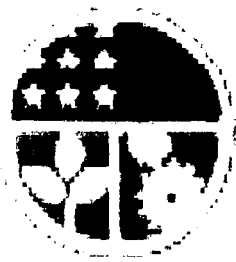

Location:

Gallup Inn & Suites
2915 W. 66th Ave
Gallup, New Mexico 87301
(505) 722-2201
(877) 9-Gallup
