a. Willis Becenti Good evening every one. Start with the work session that we have up dated, we are getting some feed back. The 180 days change and going with federal rule, but we can make amendment to veterans policy plan of operation at CVO level and other minor changes.

And I am still pushing for the 3rd round for assistance for hardship and energy. So it can be distributed evenly and fairly to you veterans so you can use it on what ever your needs are.if we do not use it by the end of the year it will go back to Navajo Nation budget

Last year the Navajo Nation got about 240 mil. And I hear that this coming year will be 301 mil. That is why we need to use up our veterans fund otherwise they will say we have not depleted our allocation which means that will show that we do not need that much funding.

The nursing home we got 29 mil. And need a match fund from Washington this project will cost about 80 mil.for 80 beds. Wayne Claw took documents to Window Rock and he sent the package to Washington before the 15th.

Codification, we found some things that will not coincide with federal law.

b. David Tsosie ---Hello community and thanks for coming to our meeting, I just want to share Sacaton Ira Hayes parade with you, there was Kevin Mckeon; Gilbert Nez his wife and daughter were our banner carrier. (had 2 photos to share) and said he wanted the Smith boys to help with posting colors at the Dine college graduation

- d. Veterans dinner from the chapter fund Motion Rebecca Cling 2nd Ramon Slick

You have a choice of what we will serve, one is we cook and we need help with cooking and sides, or 2 we will order out and I think there is only Mikasa diner in Window Rock who does party trays. Last time I priced them out it was \$400.00 for 30 people, with a variety of choices. People want Mikasa.

- f. Motioned to amend agenda, Leonard Teller 2nd by Andrick Bahe; motion to add a Veterans building to the Chapter agenda, there is already a land with drawn at the Senior Center area. There is vacant land that was cleared for buildings. We need to see if we can use an acre to build on.
