RECORD OF THE
NAVAJO TRIBAL COUNCIL

1 NTC 7/28/88

July 28, 1988

The meeting was called to order by Chairman Peter MacDonald at 10:30 A.M., with a quorum of 46 Council Delegates present. Also present: Vice Chairman Johnny R. Thompson; Legislative Office - Senator James Henderson, Larry Foster, Kathy Holtsoi, Lorene Spencer, Rena Morris; Justice Department - Lynn Tetterington; Bureau of Indian Affairs - Chester Hubbard, Sr., Alyce Rouwalk. Invocation - Council Delegate Ernest Begay.

.....
9 NTC 7/28/88 CHAIRMAN: Thank you very much, Stanley. You asked the Chair a question on the procedures here that we're following, yes, we said that any report made will not require a floor motion for acceptance, but in this case when a suggestion was made that the Veterans Committee be discussed with this report, the establishment of a Veterans Committee of the Navajo Tribal Council, the motion is in order if your wish is to establish the Navajo Veterans Committee from the Navajo Tribal Council membership, standing committee or oversight committee, in addition to the commission that we have. That was the way the agenda was placed when it was over at that time Item 21, it was lifted from there to be discussed here. So the motion is in order to not only except but more importantly the establishment of the Navajo Veterans Committee made up of the Navajo Tribal Council delegates.

.....
CHAIRMAN: Thank you, Mr. Burbank, for your portion of the presentation to the Council. I want to thank Senator Henderson also for the report made on question of the \$1 million matching funds that was appropriated from the Arizona State Legislature. At this time I'd like to now go to the moving party to respond to those requests that were made. So I will now yield the floor to Larry Anderson.

LARRY ANDERSON: Honorable Vice Chairman Thompson, Distinguished Guests that are here with us, Honorable Senator Henderson, Veterans Office, Mr. Burbank, Members of the Council: We thank you for these comments, I would like to also thank my colleagues here for the recommendations and recommendations that have been asked here. Mr. Wallace Tsosie, I again respectfully say

16 NTC 7/28/88

that I thank you for your questions and your comments here in regards to the funding and to the Commission status. Also Mr. Boyd I believe requested that he had some questions and some directives and I will accept the directives that Mr. Boyd has suggested and recommended here in regards to the budget allocation of fair and equal budget allocations. He also requested a nontransferable clause be developed for that program. Also Mr. Boyd requested that the Veterans Office be given some authorization to revise the plan of operation to assist with the Veterans program and toward a standing committee.

I will accept Mr. Buddy Mexicano's request of financial support for the Veterans there in the Alamo Chapter with housing assistance. I will accept Mr. Curley's request that there be a Navajo Nation appropriation funds set aside for the newly created standing committee of the Veterans Committee. Also there's another request here to establish a veterans committee which I believe we've been all discussing and unanimously requesting. For my colleague, Stanley Yazzie, I respectfully accept his comments and questions in regards to our Veterans here in the Western Agency in regards to budgeting and other areas of assistance. My colleague, Mr. Beck, requested that Mr. Jackie Burbank be given some time here to make a report to the Council which just has happened and I'll also accept that request.

Mr. Clark, I will accept his request that a directive be made to establish a facility somewhere within the Navajo Reservation to establish an army reserve unit. This is for establishing some facilities, I believe that's requesting for some land withdrawals for such a unit to be on the Navajo Reservation. My colleague, Mr. Whitehorse, that again also that a standing committee of the Navajo Tribal Council veterans be established and that this was a very strong advantage to the lobbying purposes where the Council Delegates will have a better advantage of doing so. Also Ms. John came to me and also requested that possibly either such a committee under the standing committee of the Veterans, that a report be given to the Council quarterly to see what the situation is of the veterans program.

With that, Honorable Vice Chairman, I'll accept these requests and also I would like to request that a strong directive be forwarded to the Advisory Committee of establishing a standing committee and also request of the Chair here if we could maybe possibly take ten minutes of the Chair's time today, this afternoon, to have the Tribal Council caucus from each agency and possibly select one or two veterans from the full Tribal Council here to possibly further selected or further recommended for the standing committee of the Veterans office or the Affairs here that has been suggested. I would like to include in my motion here to have Exhibit "A", Vice Chairman, a list of veterans of the Navajo Tribal Council, I don't know if my colleagues have a copy of the list of names of the Tribal Council and I would like to have that as Exhibit "A" also. Thank you.

WALLACE TSOSIE: Presiding Chairman, Navajo Tribal Council, Colleagues, Larry Anderson: I think Mr. Anderson made some good points in accepting the directives and some comments, so with that I'll concur.

CHORUS: Vote! Vote!

CHAIRMAN: Members of the Tribal Council: You've heard the response to those requests being made to the motioning party, so at this time I'd like to give a few minutes to respond also to the report that was made by our Veterans Office.

Members of the Council, as you know the veterans is an organization, I'm sure the whole Navajo Nation is very proud of, in that essence my position from my office is to support this organization as much as possible. So with that in mind, I directed the staff to pursue with diligence and define the sources of funding from the outside and to address those regulations, federal regulations and if it could be done, establish a dialogue with the Congressional people, those federal regulations. I'm speaking in the area of Veterans Administration here to amend those regulations so that this Nation can take advantage of the many benefits that are available to the veterans. I believe that is very important.

Secondly, Mr. MacDonald and I strongly support the creation of the Veterans Cemetery at all five agencies that you've heard in the report that Fort Defiance is a frontrunner in withdrawing lands to accommodate veterans for their agency, but I encourage other agencies and you, the Council Delegates, to talk to your constituents to see if they can relinquish some of their grazing areas to establish veterans in those areas as well. Insofar as the concerns that were problems that were expressed, I support that, I believe there's really no one to blame except all of us as leaders. Each one of us has that duty to communicate with the people who work in the Veterans Office, as well as working with the Veterans Commission. So I believe pointing fingers at other people is really at this point unnecessary, because this organization is important for all of us to consider supporting and making recommendations, directives as you have done today during the discussion.

So, Members of the Council, as the motion is on the floor, as the resolution reflects establishment of a Navajo Veterans Committee and that resolution is on the floor at this time, Members of the Council. All those in favor of adopting the proposed resolution with those requests that were accepted plus the exhibits that were added onto the motion; opposed.

With your vote of 49 in favor, 16 opposing and 2 abstaining, you have hereby adopted the proposed resolution. I'd like to thank the sponsors of this legislation from our Veterans Office and also for the appearance of the Veterans Commission and Senator Henderson for their participation and their presentation
